

The logo

- **What words or letters do you want included in your logo?**
*We would like it to be similar (not exactly a copy) to the NYPD Logo, but with the words "DPO" (Short for **Departamento de Polícia de Osfur**) and "1954" (The year the police force was founded) somewhere in it.*
If there's any space left, "Estado de Osfur" could also be written.
 - **Provide five adjectives to describe your logo.**
Government, Police, Security, Institutional, Bureau.
-

Tell me about your company:

- **Explain what your company / organization is and does.**
We are two game modders who currently do it for fun, we like to play around with games and create new "objectives" for them.
 - **How are you different than your competition?**
We've been working on our current project for a year, and we like to take things seriously.
-

Goals and Objectives:

- **What do you want to happen as a result of this project?**
We want our material to look better and feel more "unique" than other modifications out there. To feel a bit more immersive so our players have more fun.
-

Describe what you want designed:

-

 - *The Philadelphia police logo is also good.*

 - *My local police department's logo could also serve as inspiration.*
