[4] Water (WR)

[4.3] Water Efficient Appliances Usage (e.g. hand washing taps, toilet flush, etc.)

Description: / คำอธิบาย

Sisaket Rajabhat University Water-saving equipment is used. We have installed water saving equipment. namely the urinal and sink faucet. By using an automatic sensor system to release water. This helps save water usage in the Sports Science Center building by 20-40%.

Equipment that uses water efficiently :

1. automatic faucet
2. automatic urinal
