

November 1, 2020

Dear P.S.81 Families,

I regret to notify you that we have an individual who has tested positive for Covid 19. The last day that the individual was in P.S. 81 was October 26th. The case is a very mild case. The individual was not part of the school-wide testing. It was the results of a private test. All individuals that were exposed to the individual have been notified. Attached is a letter outlining all the steps that have been taken to protect our students and staff.

Best Regards,

Anne
