

Summer Art Assignment Assessment

Please make a copy and submit this to google classroom.

The idea of this project was to have you thinking creatively during the summer, thinking outside the box, and practicing your technical skills with media of your choice.

Please choose one of the three standards to be “officially” assessed (by putting a star or something like that by it) However, please *complete* all three sections as I would like to see how you think you did.

4/Exceeds: WOW! This is INCREDIBLE!!! You clearly have gone above and beyond expectations, possibly as the result of extra time spent on the project or thinking about a visual solution that is REALLY outside the box or simply doing a lot more than was asked. Before giving yourself a “4” be sure to ask yourself: did you do a lot more than what was asked? How does your work/thinking demonstrate that?

3/Meets: Good job! All directions are followed and the work is well done.

2/Partially Meets: Fair job. Some directions are not followed.

1/Does not Meet: Directions not followed, work incomplete.

Responding (x .5): Please answer in a paragraph of at least three sentences for each prompt:

1. Thoroughly describe your pieces.
2. What led you to do this piece the way you did? In other words, what creative decisions did you make about things like media, color, subject, composition, etc?
3. How do you feel about the piece, now that you are done? If you were to do a follow up piece to

your summer work, what would it look like and why would you choose to do that?
