TRB Transit Management and Performance October Committee Meeting Notes
10/17/24

- Read e-mail "TRB Transit Management & Performance Updates" sent 10/16 10:57AM PDT
- Demand Response Transit Conference 2026

Discussed what providing Committee Support for a mid-year Demand Response Transit Conference would entail.

- Submit support by Nov 1.
- TRB will determine if concept would draw the 300-400+ participants needed to make it economically viable.
- If approved, would likely occur in 2026.
- TRB would convene a Conference Coordinating Committee (likely with input/representation from our Committee) to organize.

General agreement (or lack of disapproval) for our Committee to Sponsor.

- Update on Transit Asset Management Subcommittee
  Herb Higginbotham, Chair of the Subcommittee will be defining the membership of the subcommittee shortly, starting with existing members of our Committee and the Transportation Asset Management Committee (AJE30). Reach out to Herb if you are interested in becoming a member and/or have material to discuss during the January meeting. Encourage colleagues to participate. Subcommittee members don't need to be members of other committees.

- Updates on Annual Meeting
  - What would you like to discuss during the January Committee Meeting? We've tentatively got the Monday 8-12 slot. Send your thoughts on discussion topics and/or presentations to Frances.
  - Register for Conference. Fees go up starting Nov 20.
  - Think about whether there's a topic that's ripe for a webinar. Don't need to be TCRP related. Next submission deadline is March 15.

- Research Updates
  - TCRP met this morning. Expect some news by TRB Annual Meeting.
  - Start thinking about research proposals for 2025
  - See topics attached to e-mail developed by AP055. Reach out if you'd like to be involved.
