Subject Line: Increasing Growth For A.B.S.

Hi Mario,

I wanted to follow up on my previous message regarding the potential opportunities to help you get more students in A.B.S. I understand your schedule can be demanding when you have dozens of students to coach, so I wanted to bring this to your attention once again.

As I mentioned before, using lead funnels can be a game-changer for your school. By implementing effective lead generation strategies, you can attract a larger audience and convert them into students, ultimately boosting your growth, revenue and impact. Another strategy we could try is creating an affiliate marketing program to help promote your school. I'm sure you have seen how well this strategy has worked for other online schools such as The Real World by Andrew Tate.

I believe that a call would be the best way to discuss these opportunities in detail. I'm confident that with my skills as a digital marketer, I can provide valuable insights and suggestions tailored to your specific needs. We can explore the various lead funnel and affiliate marketing techniques and discuss how they can be integrated into your current approach.

Let me know if you would like to proceed with scheduling a call. I'm very flexible and can accommodate a time that works best for you.

I genuinely believe that these strategies can bring great results for A.B.S., and I'm excited about the potential they hold. Thank you for considering this opportunity, and I'm looking forward to hearing from you soon.

Best regards,

Birk
