

Hi _____!

My name is _____, and I'm a volunteer for Venture Christian Church's Serve Day team.

On August 24, our church will host our annual "Serve Day" for our people. Our goal is for groups and individuals to engage in the practice of getting outside their comfort zone to volunteer in the community. My question to you is: would you all be interested in hosting my group for a service project on Sunday, August 24 from around 10a-1p? There are _____ people in my group. We are expecting _____ number of kids ages birth-18. I know this will take extra effort for you as Sunday morning is outside of normal work times.

I'd love to partner with you in designing a project for our folks' discipleship that would also be helpful to you. If there's an event, a clean-up day, an organizing project, or something you'd like to see a group of volunteers do for you, please let me know. We'd love to make it happen.

Thanks!
