Intro to Digital Forms

History/Context

An old Narrative, Contemporary style

Final Product:
A digital image created in Photoshop
-final image must be 8.5X11" @ 300dpi (2250 x 3300 pixels)
-turn into dropbox saved as a JPG.

Objectives:
- To reinterpret, restage, or modify a historical event or image
- To effectively use a digital still camera
- To effectively use Photoshop to edit and manipulate photos

For this assignment you will interpret a historical event or image and re-tell it, re-enact it or modify it in a contemporary style.

Things To Think About:

- For this project, you can use yourself as a subject/performer, or you can use someone else.
- What is your relationship to the subject being represented? What is "politically" sensitive or appropriate, and to whom?
