

Western Sign Language Club FAQs

What is this club?

The Western Sign Language Club aims to provide a place for Western students with an interest in American Sign Language (ASL) to learn and practice together, including beginners. We have weekly meetings and events to help us learn not only the vocabulary and syntax of American Sign Language, but also the history and culture associated with it.

When do you meet?

We will meet once a week in person. Meeting day & time is TBD depending on the availability of our members. If you miss a meeting, don't worry! Members will have access to the lesson and information discussed via google drive.

What is the membership fee?

\$6.00 ~ This fee contributes to our club budget. We will use it for events, fundraisers, merch, and anything needed to function throughout the year.
