

Summer Homework

Over the summer it would be a great opportunity for you to get a head start on your research. The summer homework has been broken up into 3 sections which will cover all your disciplines. Please complete something from each section.

3D Prop papier mâché artist research:

To kick start your course you should research the artists below. You can just record bullet points for each artist ready to create your research pages when you start in September. I want you to write 3 relevant facts about them but 3 techniques or styles they use.

- Adam Frezza
- Terri Chiao
- Roberto Benavidez
- Nate Lewis

3D Prop Films to watch:

If you get a chance, please watch Kubo and the two strings and write a summary of how they constructed the film using origami. If your feeling brave give some origami a go!

3D Prop – Trips and visits over summer

If you get an opportunity over the summer, go and see a show! If you have been to a west end show before, please record what show you went to and did you notice the set design. If so, what caught your attention?

Fashion

If you get a chance these shows on Netflix are great for exploring relevant fashion. Shows to watch in fashion on Netflix:

- Next in fashion
- 7 days out
- Emily in Paris
- Styling Hollywood
- Bridgerton

Interior Design - To kickstart your Interiors research you could explore 3 of your favourite Interior Design styles from the list below:

- Global
- Scandinavian
- Classic/contemporary
- Transitional
- Minimalistic
- Parisian Chic

You could watch shows such as:

Grand Designs

Escape to the chateau – Angel Strawbridge

We hope you have an awesome summer break! And we look forward to seeing you all in September!

From Kirsty Hoadley, Emily Moore and Alex Scott-Wilds
