

I. Welcome

A friendly, productive small group discussion to help us into today's business

II. Discussion: Roundtable Proposals

Continued an open discussion of calendar features we should model based on the results of the Values and Impacts survey

Goal: review the 3 basic calendar systems we arrived at in our last meeting and design our process for further developing these as model prototypes

- Preparation: [Values & Impacts Survey page](#)
- Preparation: Calendar Prototype Workspace (linked in the email)

III. New Business: Plan the November 30th Town Hall

Set goals and create an agenda for the town hall discussion. Discuss potential roles taskforce members can perform to support an inclusive, edifying discussion with our district colleagues.

IV. Information: Chair Report

Updates on various items including a meeting with the PDP FLEX Week workgroup and conversations with veterans counselors, tutoring services, and other constituency groups.

V. Assignments Before the Next Meeting

Review a draft agenda for the next Meeting, refine goals, and accept work assignments

VI. Adjourn

Welcome Activity

There are certain events and seasons that cause us to experience time slowing down or time speeding up. What is your experience with time right now? When during the semester does time typically fly, and when does time typically lag?
