## FAQs

**Can my student move in early?** TAMU is **not** offering an early move-in option for fall 2022. In the event of an emergency or extenuating circumstance, they will review situations on a case by case basis. Any early arrival approval will be assessed a \$50/day/person cost. If you have an extenuating circumstance you believe warrants consideration, please email [askreslife@reslife.tamu.edu](mailto:askreslife@reslife.tamu.edu) and include your name, UIN, your desired move in date, and the circumstance you believe requires a move-in date prior to August 20th for the Residence Halls or prior to August 17th for the White Creek Apartments.

**What other items should we bring to assist with move-in day?** A cart, wagon, or flat dolly would be helpful; Cool water/drinks and comfortable shoes

**Is there anyone to help us move into dorms?** In the past A&M had volunteers to help carry student's belongings from their cars to their dorms, but they **will not** have volunteers this year. During COVID, A&M eliminated volunteers in an effort to allow social distancing and limit the number of people in a building at a time and coming and going throughout the day.
