

LXXIV International Conference Nucleus-2024: Fundamental problems and applications, Jul 1 – 5, 2024, Dubna, Russia

Publication

A Special Issue of papers selected from the workshop will be organized for publication on the [International Journal of Modern Physics E](#) (Nuclear Physics) – IJMPE. The journal is indexed in various key indexing databases, including Web of Science, Scopus, InspireHEP, NASA/ADS, etc.

- Manuscripts are expected to be typeset in [LaTeX style](#) of IJMPE.
(For authors who are unfamiliar with LaTeX, their manuscripts can be submitted in an editable format, e.g. MS Word. The journal will do the necessary style conversion.)
- Suggested manuscript lengths: **14 pages (Plenary), 8 pages (Parallel)**.
(The journal page is in a single column format and 20%-smaller than A4 size.)
- Manuscript submission due date: **30 Sep 2024**.

- Manuscripts can be submitted directly to the [submission platform](#) of IJMPE.

After logging onto the submission platform, go to:

New Submissions > Submit New Manuscript

select Article Type "Special Issue: Nucleus 2024 (Dubna)"

and proceed with your manuscript submission.

- Files required for submission: (i) A PDF file of the manuscript; (ii) A zip file containing the Source files (tex, cls, sty, bib, docx, figures, etc.).

Queries related to your article submission can be forwarded to the Journal Office:

ijmpe@wspc.com.
