Kudoboard Birthday Wishes

From Akino (@shizutsuki0622)

Happy birthday, Boss! So glad I get to celebrate with you again this year. Wishing you all the best in hitting your goals, and most importantly, stay healthy—no more getting sick!!!

From Alpaca (@_alpacafloof_)

To my dearly beloved Boss,

Thank you for all the wonderful memories we've shared in the year since you came back. Your creativity, humor, and game choices charmed me from the moment I first started watching you. There aren't enough words to describe how grateful I am to have you in my life and what a privilege it is to watch you grow from just a PNG to a fully fledged Vtuber. Happy birthday Caspurr Catacini; here's to more birthdays to come!

-Alpaca, your floofiest Opurrative

From @AmarisHeartlily (Bluesky)

Happy Birthday, Boss! Thank you for allowing us to be a part of your journey. Sending you all of the love for your 24th (for the first time) birthday!

From Ameerah (@gravityforces)

Happy Birthday Caspurr!!! You've hit the BIG 2! You've been a very peaceful streamer to me lately since you sometimes stream whenever I begin work, and I appreciate that. I'll always be spying as a little Opurrative and watching you grow! To many more birthdays with you!

From BitterBerry (@berryisbitter)

Happy birthday, Caspurr! Taking this chance to say I really enjoy your just-chatting streams and admire the passion you put into your creative works. Wish you all the best!

From bopipa

Happy birthday, Boss! Your streams lighten up my days, and all your projects inspire me to work on projects I haven't had the courage to start before. I know you like food so here's your very own bento! (Oh... the Opurratives already ate it

all...)

From Chibi Chan

HAPPY BIRTHDAY TO MY KAMI OSHI FRFR

Boss, it's crazy to think I didn't know what a vtuber was, then I found you ! And I was introduced to so many wonderful things like loop stations and pilman. I'm really grateful to you, kinda silly huh a random catboy is my comfort streamer. I look forward to coming home after work to have fun and enjoy streams with everyone. I love the community we have. It's awesome and that's because of you ! Thank you for perceiving me

I'm so incredibly PROUD of you Boss, watching you grow and become the best version of yourself

I know you're gonna do amazing things, so don't doubt yourself too much. We're all rooting for you always. I'm not a great artist but you inspire me to try to become one. You inspire me in a lot of ways actually! Thank you for making my days more colorful. LONG LIVE CASPURR CATAVINI. I look forward to see all the spectacular things you will do in the future. You're gonna shine the brightest, never forget you're an ICON

From Dark Wizard Lily (@DarkWizardLily)

HAPPY ONE YEAR OF EXISTENCE BOTH LITERALLY (Happy B-Day) and SOCIALLY!!
(Happy Anniversary)

Me and the other members of the C.O.C. Kitten Cafe set up a surprise birthday party event just for you, with an even BIGGER and fancier carrot cake than the cupcake from last year! You've been an inspirational idol to us all with what you've accomplished and overcome this past year. Seeing you grow has motivated me to do some work on myself and learn to be a more consistent and greater artist and many other Opurratives feel the same. You've even inspired people, like Alpaca, to start learning to draw, color, and learn new techniques!! You've also been part of what's pushed me to reflect how I can continue to be your best supporter. I hope we can make another bigger and better carrot cake for you next year that you can enjoy; I also hope we can continue to watch you and be inspired to grow alongside you in every way possible, especially in my own journey of growth.

Sincerely, with the most love, loyalty and utmost appreciation, Dark Wizard Lily

Mewo Boss! Happy birthday to the best cat spy around! I may be a newer Opurrative but I found a home immediately with my first stream and I'm so happy I met you. You're so creative, funny and inspiring. Thanks for all you do for us, Boss!!

From dreamy (@dreamylunastreia)

Happy Birthday Cas!!

Thank you for being born! Thank you for being here!! Thank you for being so unforgivingly you!!! I don't think I'll ever be able to verbalize the gratitude I have for you and how much you inspire me both creatively and to just be a better

person.

Thank you for always being so kind to me; I've done a lot of things that I never thought I'd actually accomplish on my own and honestly have you to thank for. So I hope you enjoy all the messages and gifts on your special day. I hope you enjoy the game I was able to put together for you thanks to the incredible community that you fostered. I hope you have the most wonderful birthday and know just how loved you are.

You deserve the world over Caspurr. Wishing you many more years of happiness and success.

With love from your dedicated Opurrative,
dreamy

From Ellyn Frost

Hi Boss, can't believe this is your second birthday. You are still a wee baby to me, and TBH you are LOL. Thanks for always trying to provide content in every way you can. Although time for me to catch up is quite scarce, I still appreciate every time you greet me when I visit your streams. Your stories and creativity are always so relatable and inspirational, and I hope you know how important you mean to me as my Oshi. Again, happy birthday baby cat boss, enjoy your special day❤️

From Flesh Robot(@TechmaturgLst)

Happy birthday, Bossman!! Here's to many many more ^_^

From HARUKA (@PotatoRainicorn)

Happy birthday Boss! Time flies, it's been 2 years since you debuted and came back to us. I wish you all the success and happiness as you deserve all of it! I appreciate all your hard work and the things you've done for us. I will continue to support and follow you. * I'm proud to say you're my kamioshi ♡

From hayle (@entropyapologist)

Happy birthday, Boss! I can't believe our boss baehby is now one whole year old! Look at how much you've grown and accomplished in just one year! It doesn't feel that long at all. I love that I can tell someone "look, my kamioshi made this!" and show off all the hard work you've put into your projects. I hope you know how proud we are of you, and how much you inspire people in this little community. There's only one Caspurr Catacini, and I'm glad out of all the paths you could have taken in life, you chose to be our streamer. Have a good birthday, Boss! Eat something yummy! Stay hydrated! (Don't forget your laundry!)

From HDTQW

I hope my very special Kamioshi has a very special birthday!

♡ Happy Birthday Caspurr ♡

From Jinanwoys (@Ginanwoys)

Man has this year been fun. Doesn't matter if I'm tracking blue coins, begging for GameCube games, or asking for a slice, I've had a blast. You've built up a great community and put out some of your best work. I'm glad to have been a part of it.

From jinch (@jinchidesu)

Happy birthday Cas!! I really wish I could have prepared something more special and big for your first birthday but unfortunately, university and the world haven't been so kind to me. Instead, I hope they be kind to you, not just today on your birthday, but everyday. I may not frequent your streams as much now but I love having your VODs play in the background while I study. Hearing you play with the other Opurratives, your awful jokes, your snack runs, your "whimsy" keeps me from getting burned out. I've been supporting you from the start and watching you grow, releasing songs and achieving your goals is a huge honor to witness. Thank you for being born and building this community. Happy birthday Caspurr! I hope all your wishes come true, and that me and the Opurratives can celebrate many many many birthdays with you! We love you!!  

From kami (@kamitsurepro)

Another year, another birthday!! It doesn't feel that long ago that I was drawing an image to celebrate the last. Here's to many more to come. <3

From La Wuchi

Happy birthday, Boss!

Thank you for everything you do. Ever since I discovered you on your debut, my days have become so much more fun. Your streams give me the strength to keep working for another hour when I need it, and at other times, they bring me the calm I need to unwind.

Is it okay if I call you my kamioshi? You're such an inspiration. You motivate me to try new things, and I want to keep being your fan for a long time. I hope you're having an amazing birthday!

From Lain (@hglain)

Happy Birthday Boss!! Spending this last year with you and the Opurratives has been one of the best I've had in my life <3 I hope every birthday and milestone

brings you just as much joy as you bring to each and every one of us each day.
Looking forward to spending as many afternoons as possible in chat from here on!!
(As long as you're not sick lol)

From Lambdadelta (@ulambdadelta)

Gee, Bossman... how come the Director allowed you to have TWO birthdays? Just kidding, happy birthday, you silly goober. Go eat some good yumyums and pet the cats for us!

From Luma (@lumafall)

Mewo Boss! Happy birthday! It's been amazing to see your journey, your incredible artwork, hear your wonderful original songs, and see you rage over baby games. I'm so excited for more from you, you always do so much! You'll always be an inspiration to me, keep moving forward!

From MatchaBeaver

From Mick (@VampishMick)

Dearest Catsup Catamari... Truly, in all forms, I have found you fascinating. I think your voice is beautiful. I think your art is amazing. And most importantly? I think you are so funny. I rewatch your VODs sometimes when I'm down, or sad, and you make me laugh.

I'm not very good with words, so it may sound a bit generic.... but I am so, so happy to be your Opurrative, even if I'm lurking in the shadows.

Love you, Boss. Happy old guy day.

From Mira (@keigokisses)

Happy birthday, Boss. You're 2 years old! Thank you for all the things you do for us. Cheers to more birthdays to come <3

From Noushin

Happy birthday Caspurr! And happy one year since soft debut too!

I'm really proud of you for trying so many new things, growing so much in your talent for music, exploring who you can be, and what you can accomplish. I'm incredibly lucky to have come across a kamioshi like you to inspire me so much, to push me to do my best, and to truly light up my days. I hope our birthday gifts can reflect how special our silly red catboy is to us. Eat lots of yummy snackies today!

❤️

From PinkTurtleneck (@PinkTurtleneck on Bluesky)

Hi Boss!! Happy Freaking Birthday!!!

I'm not the best at putting my feelings into words, but I just wanted to tell you how thankful I am that you're here with us. Not only do you make me laugh till my face hurts during my darkest days, but you've also helped me rekindle my passion for

drawing after 2 years of art block. I've also been able to make some really great friends in this community, which is something I've always struggled with

Watching you grow from debut, from the days of PNGs & fan-made models, all the way to now has been such a pleasure, and I hope we'll be able to spend many more birthdays together as a community ♥

From @Purple_lion21

Happy Birthday Boss! I hope you continue to do what you love, be it entertaining people, enjoying your musical journey, inspiring people with your art, or just exploring new things! I love how you never stop learning and growing and discovering new passions in life. You're so full of new ideas and so much drive, I don't think anything can stop you from pursuing your goals. You always make me want to try new things when it comes to the art medium. If it weren't for you, I would not have picked up my brushes and charcoal again, which I had completely given up at one point. But listening to you talk about life, work, and exploring new interests made me come back to it. I don't think you will ever truly grasp how much you inspire and motivate others and give them hope in life. I hope life gives 10 times the joy you spread around you, Boss, if not more! Wishing you health, wealth and love, and many happy returns of the day, my dearest kamioshi <3

From RaiRai~

Happy Birthday Boss!! I Hope you have a Purr-fect Birthday!! Thank you for being here and for all of the wonderful moments and memories this past year! You've inspired me so much, not only getting back into art, but also to come out of my shell, and get involved with this wonderful community you've created!! Thank you for being so unabashedly yourself. That's one of your greatest qualities, and there's truly no one else like you!! I hope this next year brings even more joy and success, and I'll be here to support you through it all!! ❤️ Much Love, RaiRai~

From ram (@rubyshire_)

Hi Boss!! Happy birthday!! As always, thank you for everything you do for us Opurratives and for being here with us! Your streams are always the highlight of my day. Thank you for bringing a smile to my face even during my worst days, I appreciate you so much more than you know <3

From Rein

Happy Birthday Boss! IDK what else to write, but I'll manifest you finding an extra \$10 in your pockets when you finally get around to doing laundry!

From Reis (@ReisENVT)

Happy Birthday, Boss!! Thank you for always being a source of hope, resilience, and comfort for me and the Opurratives. I hope you will continue to have faith in yourself, knowing that we support you!

From Riizy

Sadly, I don't get to be around much thanks to radical changes in my life last year. So I wanted to take this opportunity to tell you: I still and always think of you as a funny, talented, and super creative guy. I may not catch you live, but I try to keep up on how you're doing. In fact, I always seem to hear how a berry gnome like me somehow lives in your head rent-free. So Happy Birthday, Boss. Make sure you're taking care of yourself, you hear? I'm still cheering for you even if it's from a further distance.

From rinrin (@emolgge)

Happiest birthday Caspurrr!!!!!!

You are my one n only kamioshi so I'm very happy to be able to celebrate with you again this year :-) I'm rarely actively chatting, but know I'm almost always lurking and tuning in to your streams and watching your VODs.

I hope you get to eat a lot of your favorite foods and celebrate with the people you care about!

Big love!

From Rita (@idolanocircus)
