MSAD #51 Mission

The mission of MSAD #51 is to guide all students as they acquire enthusiasm for learning, assume responsibility for their education, achieve academic excellence, and discover and attain their personal best.

Strategic Goals

Skills for the 21st Century. Skills for Life.

Students require portable and transferable skills to be successful in the 21st Century. Together, we can redesign what it means to be a Greely Graduate who *Leads the Way*.

Early Childhood Education, The Critical Building Block

Review the district's long-term elementary education program and structure, including options for three and four year olds, optimal grade spans, and facilities that address projected enrollment increases over the next decade.

Every Student College & Career Ready

What should students learn? How do we know they're learning it? What do we do when they're not learning it? What do we do when they already know it?

Wellness: Foundation for Teaching & Learning

Promote wellness initiatives that advance and sustain healthy, balanced, and well-rounded students and staff.
