

QuickGuide

Curriculum Builder

Summary:

- Learn what is Curriculum Builder
 - Learn how to set up Curriculum Builder in LearningHub
 - Learn how students will see and use Curriculum Builder
-

What is Curriculum Builder?

Information:

Curriculum Builder is a tool provided to teachers that allows them to put a link in a course with additional resources from the Library

How do I add Curriculum Builder to the course?

How to:

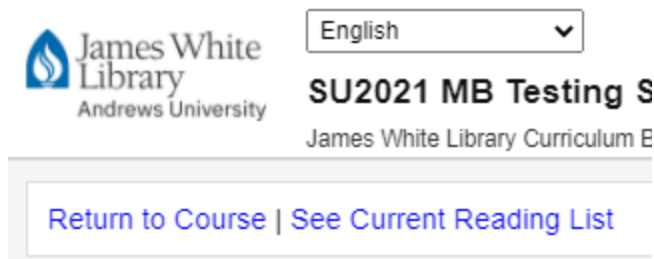

- Go to the course in LearningHub
- Turning editing on
- Click on Add an Activity or Resource
- Click on External tool”(this is an activity)
- Give the activity a name. Ex: Library Resources
- Click in the Preconfigured tool box
- Choose Curriculum Builder

Click Save and display

How do I add items to the Curriculum Builder

How to:

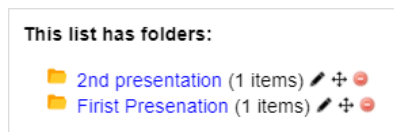

- Search for the resource you want like you would for any library search.
- When you want to add an item click Add to Reading List
- When you have finished your selection(s), click See Current Reading List to see the list or click Return to Course, in the upper left corner of the Curriculum Builder

What additional items are available

Information: Once you have created a list you are able to add additional information.

- Add Folder - a folder would be created if you wanted to separate out resources for different assignments
 - Click Add Folder
 - Put in the name of the folder
 - Click Create Folder
 - Add a resource to a folder
 - Go to the item in the list
 - On the upper right side of the item, you will find the Move to folder
 - Click in the box to the right of Move to folder, select the folder you want to put it in
 - The page will refresh with the folders and will show the number of items in that folder
- Add Text or Instructions
 - Click Add Text or Instructions
 - Put in instructions in the text area
 - Select a folder (if one has been created for the assignment)
 - Click Add to Reading List
 - Click on the folder to read the instructions and see the resources
- Add Web Resource
 - Click Add Web Resource
 - Put in a web address that should also be a resource
 - Give it a title
 - Chose the folder or leave it on the main list or Readings

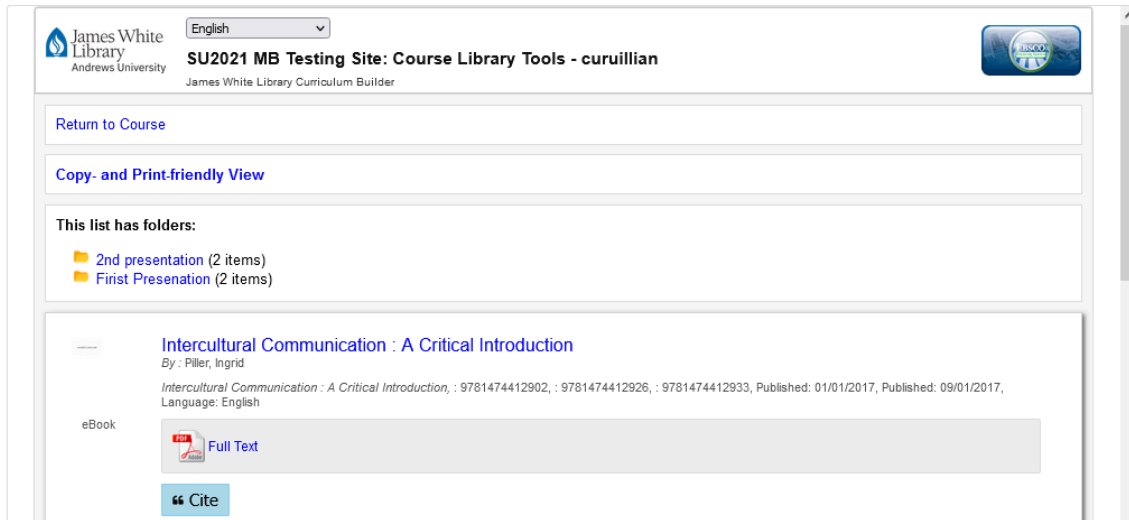

- Click Add to Reading List

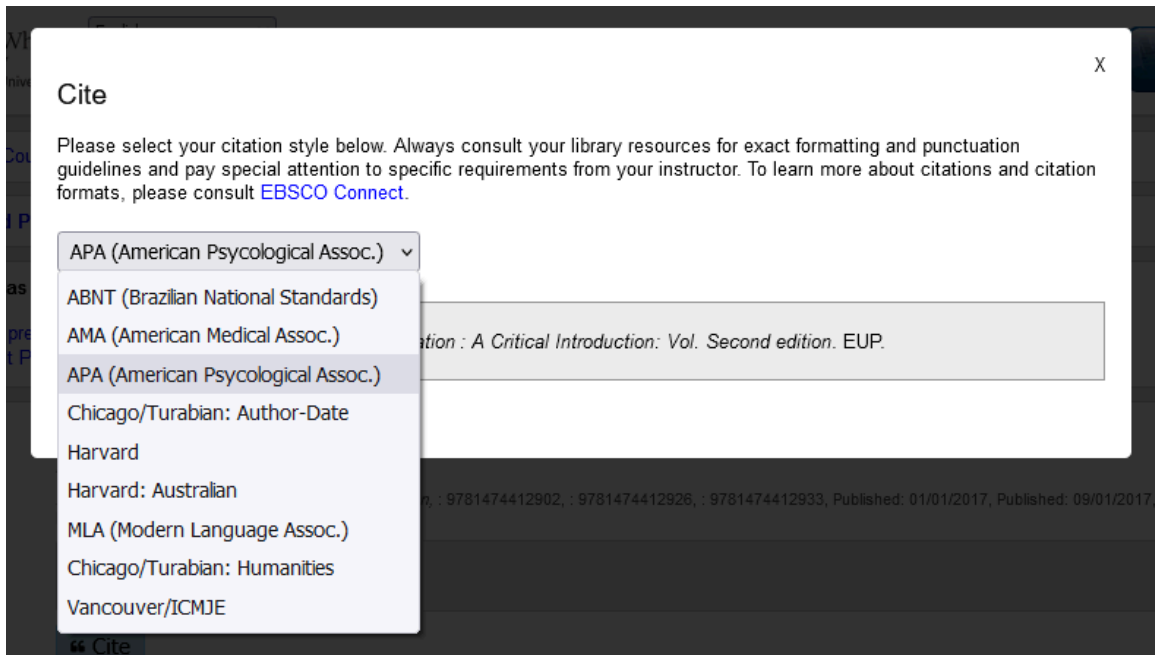

What does the student see in LearningHub

Information:

- On the course page, the students will see the activity

- Students will be able to create a copy-and print-friendly view
- Students will see folders that have been created
- Students will see items in the main reading list
- Students can click “” Cite to get the citation to put in their document
 - Select the type of citation

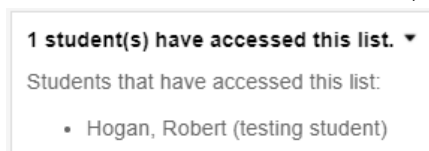

- Click Copy to Clipboard
- Click OK
- Copy citation into the document

Will I be able to see if the students have viewed/accessed Curriculum Builder

How to:

- Click on Curriculum Builder
- Click See Current Reading List
- You will be able to see if any student has accessed the list
- To see who has accessed the list, click on the arrow pointing to the right
