

Registration for Lake City Contra Dance

All attendees MUST show proof of full-vaccination status.

1. *Name* _____

2. *Email* (so we can contact you if necessary; we will not share your email or personal information):

Health Guidelines for Lake City Contra Dance - **READ THIS!**

[ALL IS SUBJECT TO CHANGE WITH FLUCTUATING STATUS OF COVID-19 VACCINATIONS / VARIANTS]

1) COVID-19 is a serious, highly transmissible virus that can cause severe illness, long term health complications, or death. It is primarily transmitted through airborne droplets expelled by an infected person.

2) COVID vaccines are highly effective, safe, free, and widely available. Vaccination does not ensure total immunity from contracting the virus, but being fully-vaccinated can protect individuals against severe illness, hospitalization, and death. Vaccination also protects the community by reducing opportunities for the virus to mutate into more dangerous variants.

3) Contra dancing, involving physical exertion and close contact with many others, is likely to present a greater risk of viral transmission than other "normal activities". For this reason we are adhering to, and exceeding, the safety guidelines established by the King County Health Department; as an added precaution because of the highly contagious and transmissible Delta & Omicron variants attendees are required to wear well-fitting face masks.

4) Attendees must show documentation* of full-vaccination, AND BOOSTER SHOT WHEN ELIGIBLE (5 months after the second dose of the Pfizer or Moderna, or 2 months after a single dose of the Johnson & Johnson vaccine). We will not photograph or keep a record of your vaccination cards.

5) Persons who are at higher risk, or in regular contact with someone who is at higher risk, should NOT attend at this time; this applies to anyone with young children, or with household members who are not vaccinated (unvaccinated individuals are considered to be at high risk).

6) Anyone experiencing possible symptoms of COVID-19 should not attend, and will not be admitted.

7) Individuals may also choose to limit (or refrain from) touching; for example, one might prefer to do a 2-hand turn or a no-hand-walk-around instead of a swing. Compassion, patience, and respect in our interactions with others are core community values, and are especially important in these times.

*As specified by the King County Health Department, the following are acceptable as proof of full vaccination: Vaccination card (which includes name of person vaccinated, type of vaccine provided, and date last dose administered) OR a photo of a vaccination card as a separate document OR a photo of the attendee's vaccine card stored on a phone or electronic device OR documentation of vaccination from a healthcare provider electronic health record or state Immunization Information System record. Self-reported vaccination records that are not verified by a health care provider cannot be accepted.

3. *I have read the "Health Guidelines for Lake City Contra Dance", AND I am fully-vaccinated (with booster when eligible), AND I understand that if I am experiencing possible symptoms of Covid-19 I will not attend.
