Setting: (Please describe the setting of the class – the number of students, seating arrangement, setup of the classroom, etc. Please include any details that may have presented particular challenges or opportunities for the faculty.)

Summary and Narrative: Summarize what happened in the class session.

The following sections offer feedback in each pedagogical area.

Purpose: The way in which this class session contributes to the course.	
Overall:	

Comment on and evaluate the overall purpose of the class session. Possible things to consider are the instructor's articulation of outcomes for the session and the extent to which the outcomes support the course's learning outcomes.
