

ReproNim/INCF Fellows - OHBM 2024 Presentations/Activities

Greetings All - Please add your Posters, Talks, or Other OHBM Events/Activities including title, #, and day/time as applicable. We've already had requests to find out 'who is doing what and where' from your fellow Fellows!

Monday/Tuesday

0173 - ParkCore: Harmonized analysis of neuroimaging datasets from NorthAmerican & Indian Parkinson studies

1023 - Gray Matter Morphometry is Related to Reading Abilities (but not Meaningfully), Steven Meisler, Mon/Tue

Wednesday/Thursday

1361 - Effects of phase-encoding on BOLD data with a positive control task - Celine Provins, Wed/Thu

1482 - Using Manifold Learning to Uncover the Embedded Brain and Implications for Mental Health in Youth - Erica Busch, Poster, Wed/Thu

1563 - Differential impact of sleep deprivation conditions on resting-state effective connectivity - Felix Hoffstaedter, Poster, Wed

1839 - Multi-Study Longitudinal Tensor-Based Morphometry Processing Pipelines for Mapping Neurodegeneration - Sunanda Somu, Poster, Wed/Thurs

1939 - Estimating longitudinal analytic flexibility in the UK Biobank with genetic and imaging phenotypes - Brent McPherson et al., Wed/Thu

2051 - Learning on the Manifold of Human Brain Activity through Real-Time Neurofeedback - Erica Busch, Poster, Wed/Thu

2232 - Cohort-creator: access and evaluate only the data you need from open BIDS datasets

2234 - Alright then, keep your secrets - federated cohort search at the participant level with Neurobagel

2248 - Tools and platforms to investigate analytical variability in neuroimaging

2256 - Nipoppy: a framework for the organization and decentralized processing of neuroimaging-clinical data
