Bylaw Amendment (Please PRINT)

Please include Article, Section and Subsection numbers for easy reference. For each non-continuous section, please use a new row.

Rationale : The current Bylaws mention Site Selection Vote exactly once in 24 pages. This mention is in Article VIII, 11.1 about the General Assembly. This is turn means that the General Assembly, and only the General Assembly decides on the host of the Gay Games as the Site Selection vote is nowhere else to be found in the Bylaws. The bylaws should contain more clarification on the Site Selection Vote, It is proposed to be clear that the voting on the Presumptive Host for Gay Games is the sole responsibility of the General Assembly. It is also proposed to add that the Board should have the authority to approach the runner up or third placed if necessary, either because the host/presumptive host is unable or unwilling to host the Gay Games.
