## Aim

LI: To identify and be able to use expanded noun phrases.

Identify the determiners in the sentence below:

**The boy ate an apple.**

Visit the website below for a lesson on expanded noun phrases:

<https://www.bbc.co.uk/bitesize/articles/zhfgcqt>

An expanded noun phrase gives more detail or information about a noun in a simple noun phrase. This is usually done by adding adjectives to describe the noun in the noun phrase, for example:

She walked through the dark, mysterious forest. In the example above, the expanded noun phrase is 'the dark, mysterious forest', the words '**dark**' and '**mysterious**' have been used to expand the noun phrase. They make writing more interesting as they help the reader to build an image in their mind.

Activate answer: the, an

Read the following sentences. Underline or circle the **expanded noun phrase** in each sentence.

1. The brightly-coloured parrot flew through the canopy.
2. After his lunch, Harold ate a sweet, delicious chocolate brownie.
3. Under the waves, the stripy fish swam quickly through the reef.
4. In a forest clearing, a dark, mysterious jaguar sauntered by the water.

# Joe Biden

Joseph Biden is a politician, lawyer and 46<sup>th</sup> president of the United States of America. He made history in January 2021 by becoming the oldest president in US history at the age of 78.

## Early Life

Joseph Robinette Biden Jr was born on 20<sup>th</sup> November 1942, in Pennsylvania, USA. His parents were Joseph and Catherine. As a child, Biden had a stammer, which made it difficult for him to speak clearly. He has said that to help him manage it, he practised talking in front of a mirror.

## A Political Career

US politicians work in the Senate. Biden worked there from 1973 to 2009 and is one of its longest-serving **senators**. Biden has run for nomination as the Democratic candidate for president twice previously, in 1988 and 2008, but did not win either nomination. He was the **vice-president** of the US for eight years when Barack Obama was the president. In 2020, Joe Biden became the Democratic Party's presidential nominee.

Biden was the **projected** winner of the presidential election race as he was gaining more votes than Donald Trump. Biden became the USA's 46<sup>th</sup> president in January 2021.

In his first speech following the election, Biden promised to be a president that 'seeks not to divide, but unify'.

Biden's vice-president, Kamala Harris, also made history; she is the first woman, the first Black person and the first South Asian American person to be US vice-president.

The presidential term of Donald Trump ended in January 2021.

The president-elect and vice-president-elect were sworn into office on 20<sup>th</sup> January 2021. A person serves for four years as president unless re-elected for a second term.

### **Personal Life**

Biden has known tragedy in his life, losing several people close to him. His first wife, Neilia and daughter, Naomi, died in a car accident in 1972. His two sons were injured and Biden spent the next few years as a single father, ensuring he was around to care for his sons, while also working as a senator.

In 1975, Biden met Jill Jacobs and they were married in 1977.

His adult son, Beau, passed away in 2015 from brain cancer. Biden has said that he tries to make his family proud by doing his best every day.

Biden himself fell ill with two brain **aneurysms** in 1988 and was off work for seven months while he recovered.

Many people believe that the fact Biden has been through difficult times in his own life means that he is able to empathise with a great many people and this is partly what makes him popular with his supporters.
