

1st WARNO Monthly Tournament (April)

Hosted by

Start Time:

Start at: 28th of March

Sign up closes on 27th of March

Maximum Sign ups: 32

Further sign ups will go on the reserve list

Format:

Swiss Style Tournament (non-elimination format) with 4-5 rounds, each round being one week long!

Each match will be a Bo2 with new round matchups being announced Sunday at midnight (or when all games have been played), based on previous performance. In the Bo2 each player will one time pick the division first and one time have the counter pick.

Maps will be predetermined

Match Set up:

Contact your opponent of each week directly, if you struggle to get in contact/finding a game, get in touch with the organisers!

Division picks:

In Game 1 Player 1 (upper one in the Challenge page) picks division first

Player 2 has the counter pick

In Game 2 this is reversed, with Player 2 picking first and Player 1 having the counter pick.

Blue on blue and red on red is allowed!

Lobby Set up:

Name Lobby after both Players for casters to find

Map: predetermined each round, see below

Starting Resources: 1500

Income: 1x

Time limit: 40 minutes

Score Limits 2000p

Disconnect of one player:

1. If it happens in setup it's a rehost on same map with the same divisions
2. If it happens after the active phase of the game has started, it's up to the Player who stayed in the game to decide if he gives the other player a rematch
3. If both players DC at the same time it's a rehost with the same map and Divisions.

Result Reporting

Replays Have to be uploaded by the Winner into the #WARNOMonthly-REPLAY channel on the SDL Discord

You can find your replays in game under Load -> Replays, then you have untick the box for cloud saving. Afterwards they appear here:

C:\Users\Saved Games\EugenSystems\WARNO

Please name them as followed: **RoundPlayer1vsPlayer2** before uploading

Scoring System:

Each match Win will give you 1 Point each Draw will give you 0.5 Points, a loss 0 Points.

To win a match you need 1.5 or more Scores, each game win gives you 1 score each game draw gives you 0.5 points score for a match. If both players win either one game, or both games in a match are a draw it's an overall Draw.

Byes will give 1 Point but 0 match score to the person given a bye. You may receive a bye either when we have an uneven player number or if your opponent doesn't show any sign of interest in getting the match organized. If both players don't work to organise a game or if they can't find a time to play they will be given a draw with 0.5 points but 0 match Scores.

DRAW GAMES ARE GAMES WHERE THE TIME LIMIT HAS REACHED AND THE DIFFERENCE BETWEEN PLAYERS IS LESS THAN 200P! (10% of the max point goal)
This is how it was in old eugen games and how it should be in this one as well!

Tie breakers:

1. Wins vs Tied Opponents
2. Median-Bucholz system
3. Game Wins/Score
