

What is Neighbor2Neighbor?

Neighbor2Neighbor is an opportunity to make sure Californians are talking to each other about Proposition 50 -- and about how California is leading the charge to stand up to the MAGA bullies who ignore what American voters want.

People who hear from a trusted neighbor are up to two times more likely to vote than those who do not. The key to success is connecting on a personal level with those we have the most influence with: our community.

Here's how to get going:

1. **You sign up online.** [Simply sign up at this link](#). No app to download, no fancy tech. Just a signup form and we'll get you what you need.
2. **We send you a list of 10 like-minded neighbors**, a simple script, and an optional printout to leave behind! N2N focuses on folks who largely agree with us but might need an extra push or reminder to vote.
3. **You knock on their doors** and have a brief conversation about voting. Choose when to get out there on your own time!
4. **You mark your "Neighbors" page** once you talk to them, so we know what voters you've connected with.

That's it!

No complex training. No complicated application. Just an opportunity to get out and meet the person you see while walking your dog, the friendly parents whose kids go to school with yours, or the neighbors with the fun Halloween decor -- and increase the probability that they all show up to vote.

Together, we can make sure Prop 50 passes and our democracy stays strong. We hope to see you out there soon!

In solidarity,
Indivisible Team

P.S. Please feel free to **forward this to other Californians** who may want to get out there and knock doors! Each person you help sign up doubles your impact and helps us reach 10 or more like-minded Californians.
