## Community Questions and Topics

- **Wave 2 Illuvitars**

Council discussed various elements of Wave 2 Illuvitars pricing and quantity, coordinated on status of proposals, and designated Marketing as the responsible group for drafting and releasing a proposal related to Wave 2.
- **Meeting Date/Time**

Set a consistent date and time for meetings, discussed proxies. Meetings will be weekly.
- **Safety Pool Sizing**

Discussed various elements related to resizing the Safety Pool, including the recent \$10M raise with Framework. Committed to gathering more information and recommending an adjustment to the Safety Pool sizing.
- **Meta-Governance Proposals + Overall Proposal Flow**

An ICCP will be required to revise and clarify the proposal process, including how routing of proposals is handled, and how revision on proposals can be accomplished with the consent of the originator of the proposal. Game SC will be taking ownership of this proposal.
- **Current Sub-Council Activities**

Council discussed current activities and priorities for their respective sub-councils to ensure no duplicate work was being performed and that all activities aligned with overall goals for the epoch.
- **Trading Blackout**

Ideated on additional ICCPs to modify Trading Blackout to handle nuisance scenarios and ensure normal, non-malicious usage of the ecosystem won't be penalized. (Ex. A previously listed \$5 Atlas Illuvitar selling during a blackout is not malicious)
