EXTENDED SCHOOL PARTNERSHIPS ([Home](#))

Rockingham County Public Schools and James Madison University Lab School for Innovation and Career Exploration - June 2024 - Present

- Serve as Curriculum Specialist and Faculty Research Lead
- Lead interdisciplinary teams of ninth and tenth-grade teachers to develop and implement integrated, interdisciplinary project-based learning at four county high schools
- Lead interdisciplinary team of community college instructors to plan interdisciplinary project-based learning experiences centered on Design Thinking for eleventh and twelfth grade dual enrollment classes
- Partner with teachers and instructors to plan units that fuse disciplines around concepts and essential questions aligned to both student interests and Virginia state standards of learning
- Facilitate professional development around community building and collaborative teaching models
- Collect data for both program evaluation and research purposes
- Collaborate with county and university personnel to coordinate and evaluate initiatives
- Serve on Lab School advisory board and leadership team

Brooklyn North High Schools – Brooklyn, New York – April, 2023 – Present

Phase 1 - Spring, 2023 to Spring 2024 (with Carol A. Tomlinson)

- Coordinate and lead multiple campus visits to conduct classroom walk throughs and follow-up professional learning sessions for building-level leaders; provide feedback and next steps based on data gleaned from walk-throughs.
- Co-plan and implement (with Dr. Tomlinson) webinars for administrators of the 47 high schools in the district. Topics include a recalibration of the meaning of differentiation as well as an exploration of supports needed for teacher change.

Phase 2 - Spring 2024 to Present

- Engage in "Intervisitation" model of professional development with four cadres of high-school teachers to study methods of classroom-embedded differentiation and flexible grouping. Areas of focus:
 - Differentiated instructional practices & clear co-teaching models embedded in core instruction
 - Close examination of student work to analyze progress and inform next steps
 - Collaborative planning supported by the use of structured observation protocols
 - In-person coaching and feedback grounded in authentic classroom practice
 - Data driven decision making protocols, with attention to rigor, equity, and access for all learners
- Coordinate with the district office to plan, implement, adjust and assess initiatives

Charlottesville City Schools - Charlottesville, VA - 2023-2025

2025-26 Academic Year - GRT Coaches

- Work with the gifted resource teachers from each elementary and middle school to model high leverage practices from *Differentiation in the Elementary Grades* and guide co-planning around those strategies
- Engage in the "Intervisitation" model of professional development around the implementation of key strategies. Areas of focus:
 - Active student engagement, differentiation and "teaching up."
 - Collaborative planning supported by the use of structured observation protocols
 - In-person coaching and feedback grounded in authentic classroom practice
 - Data driven decision making protocols, with attention to rigor, equity, and access for all learners

2023-24 Academic year - Buford Middle School

- Engage in ongoing work with middle school ELA teachers around differentiating instruction for academic engagement and intrinsic motivation.
- Conduct classroom observations, provide teachers with feedback, and design professional development based on needs as revealed by walk-throughs.

Albemarle County Public Schools – Charlottesville, VA – Fall 2019 - Spring 2025

- Design and conduct professional learning for district's PLC for middle and secondary instructional coaches - focus on "coaching up" - coaching for the balance of appropriate rigor, engagement, and support in daily classroom instruction (2024-25 school year)
- Partner with the faculty of one middle school to refine classroom-based assessments; areas of focus include the design, implementation, and revision of instruments, and use of results to drive instruction (2023-24 school year).
- Collaborate with the county's CTE lead teachers to help them increase the relevance, transfer power, and competency-alignment of the district's CTE projects (2023-24 school year).
- Engage in ongoing work with the administration and faculties of three middle schools (which have "de-leveled" classes) to help teachers imbed flexible grouping and differentiation into classroom practice. *Plan collaboratively* with building- and county-level administration. *Conduct classroom observations* and *coaching* for teachers. Help *PLCs* establish and achieve goals.
- Facilitate ongoing work with cohort of teacher representatives in ongoing work to frame the county's curriculum around essential questions, overarching understandings, knowledge and skill goals, key standards, and key performance tasks.
- Lead ongoing work with middle school ELA teachers around differentiating instruction for academic engagement and intrinsic motivation.
- Partnered with one building principal to chart professional development plans and continue ongoing work with departments and full faculty around the topics of diversity, equity, and inclusion (2018-2020).
- Other workshops with district level administrators, science academy teachers, etc. as requested.

The Achievery — <https://www.theachievery.com/en> – Curriculum Expert – Fall, 2021 – Present

- Serve with another JMU/ASCD colleague as curriculum experts in partnership between ASCD and AT&T.
- Develop materials (digital templates, alignment documents, evaluation tools, etc.) to train AT&T content partners (e.g., NASA, Girls Who Code, Young Storytellers) in curriculum and lesson design and in how to align digital content with national standards including Common Core (CCSS), International Society for Technology in Education (ISTE), & the Collaborative for Academic, Social, & Emotional Learning (CASEL).
- Review lesson and curriculum materials for grade and developmental appropriateness, instructional effectiveness, and alignment with standards.
- Consult with partners as well as with AT&T and ASCD project leaders as needed.

Bronx Community High School – New York, NY – June 2022 – June 2024

- Work with the administrative team and teacher leadership team to design and implement the professional development plan for one "transfer" (alternative) high school faculty.
- Conduct classroom observations and provide feedback to teachers.
- Facilitate professional development workshops for the faculty on the topics of instructional engagement, classroom assessment, differentiated instruction, literacy support (including for multilingual learners), Universal Design for Learning and curriculum design (UBD).

Manchester Public Schools, Manchester, CT – October 2022 – August 2023

- Work with district leaders to plan the scope and sequence of a multi-year Differentiation initiative for the district's middle and high school faculty.
- Conduct capacity-building workshop for district administration for vision and goal setting.
- Coordinate a group of consultants to plan and implement a full-district professional development launch in March, 2023.
- Plan, coordinate, and implement intensive summer and fall workshops for key district personnel in 2023.

EDUCATIONAL RESEARCH PROJECTS ([Home](#))

Doubet, K.J. (January – August, 2023) – James Madison University

Project Title: *Implementing Standards-Based Grading in the University Classroom: Do my Practices Align with my Professed Beliefs about Assessment?*

Standards-Based Grading (SBG) is the practice of assigning and reporting grades "...based on student achievement by standard rather than... traditional letter grades (Westerberg, 2016, p.5). Unlike traditional grading practice – typically collecting grades for assignments measuring multiple (sometimes non-academic) criteria – SBG advocates chronicling only students' mastery of key standards. As a teacher-educator, I endorse SBG in K-12 education because of its potential to promote equity in grading practices (Munoz, 2018). Unlike most of my pedagogy, however, I do not fully implement SBG – or practice what I preach - in my own assessment courses. A feeling of hypocrisy over this disconnect weighs on me as the schools with whom I partner ask for my help implementing SBG. In an effort to quell that unease, I embarked on this self-study to implement SBG in my assessment course with the goal of discovering if I truly believed in its merits enough to recommend it for both university and K-12 settings. My findings indicate that I do find it worthwhile and I do recommend it for both settings; however, I recommend caution in implementation as it is a high-order change that brings with it disruption to norms and practices for both instructor and students. Doubet, K.J. (August 2019 – 2022) – James Madison University & Sutherland Middle School

Project Title: *Flexible Grouping: Professional Development that Fosters Equity and Excellence.* The idea for this study grew out of my partnership with a Virginia middle school principal and our efforts to help teachers differentiate instruction for their de-leveled classes by pursuing professional development through the lens of Flexible Grouping. Neither the principal nor I anticipated how well our professional development plan would be received or how well it would prepare teachers to implement differentiation in an equally respectful manner – that which builds equitable learning experiences by asking all students to grow in the context of a healthy community with fluid opportunities for collaboration with a variety of peers. I am currently in the process of pursuing IRB exemption to be able to use the data that emerged – unexpectedly - through the natural process of planning and implementing professional development experiences with the goal of publishing an article with the middle school principal with whom I partnered. My most recent book discusses the why and how of flexible grouping for *teachers*, but I want to use this study to examine the implications for *administrators* and their approach to professional development.

Doubet, K.J. (January 2018 - December 2019) – James Madison University

Project Title: *Dealing from Strengths: A Study of Program Innovations for Secondary English Language Learners that Foster Inclusivity and Community.* The purpose of this study is to examine specific approaches used by successful, innovative language-learning programs in urban setting which have embraced linguistic diversity as a norm for years and have honed their inclusive practices. Specifically, I investigated how they differentiate instruction for ELs while cultivating equity in heterogeneous classrooms (grades 6-12). Research questions included: 1) How do inclusive, innovative programs for ELs emphasize the strengths of ELs rather than just their language deficits? and 2) What innovative approaches are successful programs using to foster community among students from all cultures, languages, and backgrounds? This project resulted in two publications: a research article in *VASCD Journal* and a self-study article. The latter article examined how this research impacted my teaching.

Doubet, K.J. (James Madison University), and Southall, G.D. (Longwood University) (2013-16)

Project Title: *Integrating reading and writing Instruction: Teacher fidelity to best practice.* This project Investigated the beliefs and practices of middle school and high school English teachers according to the research questions: 1) What are teachers' perceptions of and practices regarding the relationship between reading and writing instruction; 2) Might a staff development experience that models integrative techniques affect teachers' perceptions and practices? Findings published in national journal, *Literacy Research and Instruction* (Manuscript ID: 1366607).

- Doubet, K.J. (2007-2009) – James Madison University – Fieldale-Collinsville Middle School – Henry County Public Schools, Virginia. Action research project conducted in conjunction with building leadership on teacher response to a sustained staff development model in differentiating instruction to meet the needs of diverse learners. Findings published in 2011 article entitled, “Formative assessment jumpstarts a middle-grades differentiation initiative.” *Middle School Journal*, 43 (3), 32-38.
- Tomlinson, C.A., Doubet, K.J., and Strickland, C.A. (2004-2006) – University of Virginia
Investigated 1) the components of effective staff development programs as evidenced in a New England high school implementing a 5-year school-wide de-tracking and differentiation initiative; 2) teachers’ fidelity to the differentiation model; 3) teachers’ perceptions of teaching and student-learning, and 4) students’ resulting academic performance and attitudes toward learning. Findings from this study informed both Doubet’s dissertation and Tomlinson’s book, *The Differentiated School* (ASCD, 2008).
- Doubet, K.J. (2004-2005) – University of Virginia – Buford Middle School, Charlottesville, VA
Action-research project. Served as instructor for at-risk 7th grade language-arts “Talent Development” class for under-achieving minority and low-income students and gathered data on student perceptions and characteristics of student work. Findings published in 2006 article, “Igniting poetic potential in traditionally underserved gifted adolescents.” *Gifted Education Communicator*, 37 (4), 38-42.
- National Research Center on the Gifted and Talented (2003–2005) – University of Virginia
Studied the effects of primary teachers’ perceptions of talent on their classroom practices. Conducted interviews and ethnographic observations, analyzed qualitative data, developed and implemented talent-development curriculum, and developed case study reports synthesizing findings. Findings published in technical report and in article, “A teaching makeover improves learning for diverse students.” Kappan Common Core Writing Project <http://tinyurl.com/KAPPAN-DiversePrimaryLearners>
- National Research Center on the Gifted and Talented (2002-2005) – University of Virginia
Researched the effects of high-quality curriculum and differentiated instruction on classroom teachers’ practices and teacher/student perceptions of learning. Designed differentiated curriculum units for middle school teachers nationwide and conducted interviews and observations with teachers and students involved in the implementation of said curriculum. Findings published in technical report.
- Graduate Teaching Fellowship, Curry School of Education – *University of Virginia* – Charlottesville, VA
- o Instructor of Record, “Secondary Curriculum and Management,” Spring 2005 and Spring 2006 – Planned and executed instruction for middle- and high- school general methods course; taught, advised, and evaluated undergraduate and graduate students in curriculum and instruction as management.
 - o Discussion Leader, “Contemporary Issues in Education,” Spring, 2006 – Facilitated class-discussions; supervised project work for graduate students investigating the achievement gap as evidenced in a local middle school.
 - o Instructor of Record, “Secondary Instruction and Assessment,” Fall 2005 –Planned and executed instruction for middle- and high- school general methods course; taught, advised, and evaluated undergraduate and graduate students in the science of how people learn, adolescent development, instructional alignment, lesson planning, and diverse strategies for successful instruction and assessment.
 - o Co-Instructor, “Differentiating Instruction,” with Dr. Carol A. Tomlinson, Spring, 2004 – Shared responsibilities of planning and implementing instruction for university course composed of graduate and undergraduate students; developed curriculum, instructed classes, and evaluated student work.
 - o Graduate Teaching/Research Assistant for Dr. Carol A. Tomlinson, 2003-2006 –Collected and synthesized data for various research studies; assisted in the planning and implementation of curriculum for university

classes as well as for nationally-attended university institutes, international consultations, and national conventions.

- o Practicum Supervisor for pre-service teachers, 2003-2006 – Observed, supervised, and counseled pre-service teachers in field teaching experience, evaluated and guided graduate and undergraduate students' classroom performance.
- o Research Assistant, National Research Center on the Gifted/Talented, 2002-2005 – Created differentiated curriculum for use in research study; collected, analyzed and reported data for several research projects, including state testing, differentiated middle-grade curriculum and instruction, and talent identification and development for diverse primary learners.
- o Teaching Assistant, "Curriculum for the Gifted," Dr. Carol A. Tomlinson, and "Secondary Instruction and Assessment," Dr. Susan Mintz - Fall 2003 – Assisted in the development and implementation of course content for both graduate and undergraduate students; served as instructor in professor's absence; planned and taught portions of weekly course content; evaluated student work.

EXPERIENCE in HIGHER EDUCATION ([Home](#))

Professor, James Madison University, Department of Middle, Secondary, and Mathematics Instruction – College of Education - Harrisonburg, VA, August 2006 to present.

- Assistant Professor, 2006-2012
- Associate Professor, 2012-2016
- Full Professor, 2016-present

Assistant Academic Unit Head (Assistant Department Chair), Department of Middle, Secondary, and Mathematics Education – January, 2023-Present.

Program Director, 5-Year Master of Arts in Teaching (M.A.T.) - Department of Middle, Secondary, and Mathematics Education – August, 2021-Fall, 2022.

TEACHING – Courses frequently taught (listed from most to least recent)

- *Differentiation of Instruction* – Design and instruct graduate-level course in meeting the diverse needs of students in regular education K-12 classrooms. Topics include creating community, differentiating by readiness, interest, and learning profile, grouping flexibly, tailoring instruction for English Language Learners and students with special needs, and models of collaboration and co-teaching.
- *Assessment of and for Learning* – Designed (including C&I paperwork) and instruct both graduate and undergraduate level courses in classroom assessment for grades 6-12. Topics include alignment to standards, administering, analyzing and using daily formative assessments, designing performance-based assessment and project-based learning, rubric design, and valid, reliable test construction.
- *Student Teaching Seminar* - Designed unitwide assessment - ePortfolio - for undergraduate middle and secondary candidates. The project is completed during student teaching and supported in this seminar.
- *Seminar in Middle Education: Motivation and Management* – Design and instruct graduate-level capstone course in classroom motivation and management for grades 6-8. Topics include instruction AS motivation, establishing the affective and physical environment, serving students with special needs and language learning needs, management techniques, classroom routines and procedures, grouping techniques, discipline, grading, and collaboration with families. Aligned to AMLE standards.
- *Language Arts Teaching Methods* – Design and instruct undergraduate-level course to prepare prospective English teachers to teach grades 6-8. Topics include lesson design, integrating reading and writing instruction in an authentic manner, digital literacy, interdisciplinary teaching, and aligning instruction with standards (Virginia SOLS and the Common Core State Standards).
- *Leadership through Mentorship* – Design and implement service-learning course for JMU students serving as mentors to local middle and high school students identified as “Valley Scholars” through the JMU program which grants scholarships to local students from high-poverty backgrounds who would be first-generation college students.
- *General Secondary Teaching Methods* – Redesigned and updated beginning methods course for undergraduate secondary and middle education minors to include concept-based instruction, *Understanding by Design*, formative-summative models of assessment, and differentiated instruction. This redesign served as the foundation upon which to redesign the MSME program.
- *Assessment of Learners – Mathematics Education K-8* – Designed and instructed graduate-level course for local practicing teachers enrolled in Mathematics Specialists program. Course focused on teaching for and assessing mathematical understanding, designing performance assessments, and using pre-assessment and formative assessment to drive instructional decisions.
- *Assessment in Middle Education* – Redesigned (including C&I paperwork) and instructed graduate-level course in classroom assessment for grades 6-8. Topics included administering, analyzing and using daily formative assessments, instructional alignment, and test construction. Candidates in this course are certified

to teach two subject areas; therefore, course focused on designing integrated, interdisciplinary performance-task assessments and rubrics.

- o *Field Experience in Middle School Education* – Supervise practicum students; conduct observations, evaluations and conferences with teaching candidates engaged in field experiences in area schools; collaborate with 6-12 faculty serving as cooperating teachers.
- o *Internship in Middle and Secondary Education* – Supervise student teachers; conduct observations, evaluations and conferences with teaching candidates engaged in their final internships/field placements in area schools; coordinate with and evaluate host teachers (6-12) for field placements.
- o *Field Experience in Middle Education* – Designed virtual experience for students whose literacy tutoring practica at a local middle school was canceled due to COVID-19. Students created digital Book Chats, Text Talks, and Literacy Lessons housed on a website I shared with my school partners.

ADVISING

Academic

- o Serve as a *qualifying experience mentor* for a doctoral candidate pursuing her EdD in educational leadership through JMU's CoE.
- o Advise undergraduate students with secondary education minors in course selection, other minors and certifications of interest, application process, etc.
- o Advise graduate students in field placements, master's thesis project completion, and the job search process.
- o Regularly serve on honor's thesis committees as requested by students.
- o Regularly serve as a reference for students – current and alumni– by writing letters, completing electronic forms and engaging in phone calls.
- o Meet regularly with alumni teaching locally to support them in their first years of teaching.
- o Maintain connections with former students by offering advice when asked, references when sought, or encouragement when needed.

Student Organizations

Into Hymn – Faculty Advisor (2007-Present)

Serve as official faculty advisor for JMU student organization - women's vocal acapella group, assisting with official business such as paperwork for financial transactions and attend conferences when on campus.

Young Life – Faculty Advisor, Leadership Trainer, College Outreach Team Member

- o Serve as official faculty advisor for JMU Young Life student organization (2006-Present)
- o Serve as volunteer mentor to JMU college women (2006-Present)
- o Designed and facilitated Leadership Training Program for JMU students seeking to become mentors in local middle school and high schools (2006-2014)
- o Helped design and facilitate freshman welcome program (2006-2015)
- o Served as adult support for *Young Life Capernaum* - outreach program for special-needs students (August 2007-May 2012)
- o Co-led service trips for JMU students to the Middle East during the summers of 2007, 2009, 2011, 2013.
- o Young Life College Volunteer – Designed and supervised activities for JMU students seeking options for substance-free social events (2011-2016)
- o Serve on advisory board of adults supporting student activities (2016-Present)

SERVICE

- o *MSME Assistant Academic Unit Head* (January, 2023-Present) – Work with Academic Unit Head, college assessment team, and departmental colleagues to revamp the graduate programs’ capstone project with the goals of improving alignment to accreditation standards, facilitating ease of implementation for faculty and creating a more meaningful experience for students. Continue to refine the new undergraduate portfolio project to ensure alignment to accreditation standards and to facilitate smooth implementation for both instructors and students.
- o *MSME 5-Year Degree Program Director* (August, 2021-Fall, 2022) - Work with Academic Unit Head to promote efforts that support continual program assessment, oversee program evaluation efforts, oversee development and revision of curriculum aligned with college and university processes, and promote and maintain effective communication among program faculty and students.
- o *Diversity Council (Member, August 2020-Present)* –The charge of this committee is to ensure the College of Education operates in a socially just manner, combatting racism and championing educational justice. The committee has crafted governing documents, policies, and practices designed to 1) root out racism and white supremacist policies embedded in the college’s operating systems, 2) establish safe spaces and lines of communication that support BIPOC students and faculty, 3) educate all stakeholders on the danger of implicit bias and microaggressions, and 4) provide forums to encourage conversations around these issues for students, faculty, and school partners. I also serve as a member of the subcommittee that crafts and delivers trainings to JMU students, faculty, and school partners in how to recognize and interrupt microaggressions in the classroom, workplace, and beyond.
- o *Budget and Planning Committee* (August 2020 – 2023) – Elected by colleagues to represent my department on this college-level committee charged with advising the Dean and providing recommendations on issues, policies, and procedures related to college budget and planning endeavors. Topics include but are not limited to the distribution of professional development funds, examining financial and program efficiency, and considering the reorganization restructuring of the college.
- o *JMU PECC - Professional Education Core Council* (August 2020 – Present) – Appointed by Academic Unit Head to serve on behalf my department on this committee representing the Professional Education Unit. The committee functions as an advisory council to the Dean. Our charge for the 2020-21 academic year was to examine policies and procedures as outlined in the Student Teaching Handbook to ensure they are equitable, free from bias, and socially just. For the 2021-22 we were tasked with examining multiple data sources to create a “profile of a JMU teacher education graduate”.
- o *JMU STEM Outreach Center Advisory Board* (2017-Present) – Serve with colleagues from the College of Science and Math and the College of Integrated Science and Engineering to create, coordinate, and connect STEM K-12 outreach activities in surrounding schools.
- o *Departmental Personnel Advisory Council (DPAC)* – Chair: August 2024-25; 2020-21; 2015-16; 2011-12; Member: August 2022-24; 2018-21; 2013-15; 2009-1 – Elected by departmental peers (for four 3-year terms) to serve on the committee to create, revise, and implement policies for evaluating faculty; make recommendations to the department head on matters of annual performance, promotion, and tenure.
- o *College Personnel Advisory Committee (CPAC)* – Member 2024-25, 2020-21, and 2015-17 (concurrent with AUPAC Chair) - Served on the committee charged with resolving faculty appeals, creating and revising procedures for tenure and promotion, and aligning forms, expectations, and processes for annual evaluation.
- o *Dean’s Faculty Advisory Committee (DFAC)* – Member, 2013-2019; 2023-Present – Elected by departmental peers (for four terms) to serve as liaison between COE dean and department. Communicate concerns, problem solve, and coordinate action steps.
- o *Teacher Shortage Task Force* – Member, Summer 2018-2019 – Serve with faculty and administrators from across campus to create 4-year degree programs for middle and secondary education and to devise new and innovative options for continuing education and graduate programs.

- o *CAEP Accreditation Committee* – Spring 2017 - Chaired college-wide committee charged with analyzing, strategizing, and reporting on college wide adherence to CAEP Standard 4 (Program Impact).
- o *CAEP SPA Reporting Committees* – Spring-Fall 2017 - Served as member of one committee (NCTE) and chaired another (AMLE) to compile SPA reports describing alignment of middle and secondary education programs (both were accepted without revisions); compiled general information used in all other departmental SPA reports.
- o *CFI Consultant* - 2009-13 – Conducted Teaching Analysis Polls (TAPs) in professors' classrooms across campus; used results to help instructors increase teaching quality.
- o *Teacher Work Sample (TWS) and MAT Committees* – 2010 - 2015 – Collaborate with other faculty to reformulate the Master's program and its cumulative project (TWS) to better reflect the needs of candidates and current school settings.
- o *RISE Grant Steering Committee Member* – 2008 – 2014 – Resilient and Informed Special Education – Special Education Pre-service Training Improvement Grant (OSEP).
- o *Literacy and Math Committee Member* – 2012 – 2013 – Meet with 3 department members to discern methods of integrating math and literacy instruction in MSSE and MIED programs.
- o *Teacher Education Assessment and Accreditation Committee* – 2007-2012 – Serve on committee holding key responsibilities in the college's preparation for NCATE. Responsibilities include collaboratively aligning conceptual framework and key assessments; revamping assessment tools and course evaluation system; coordinating key assessments at the department/program levels; preparing NCATE reports; etc.
- o *Service-Learning Course* – March - August, 2009 – Worked collaboratively to develop and deliver course in curriculum, instruction, assessment, and technology to serve as path to alternative licensure for candidates teaching in Virginia schools.
- o *Departmental Search Committee Chair* – Chaired five departmental searches (2008-17) for positions in general methods, middle education, adolescent literacy, and secondary mathematics education.
- o *Departmental Search Committee Member* – Served as committee member for five departmental searches (2007- 2017) for positions in inquiry, general methods, elementary mathematics, secondary English education, and secondary science education.
- o *University Search Committee Member* – Served as COE representative for three university searches: 1) Dean of the College of Education (2018-19); 2) STEM Center Director (2017-18); and 3) Vice Provost of Research and Scholarship (2013-14) searches.

TEACHING EXPERIENCE – PUBLIC SCHOOL

- 8th Grade English Teacher, *Independence Middle School – Virginia Beach City Public Schools*, Virginia Beach, VA, 2001-2002. Instructed both general and advanced classes; developed and implemented Virginia Standards of Learning remediation curriculum.
- 7th Grade Language Arts and Reading Teacher, *Warrenton Middle School – Fauquier County Schools*, Warrenton, VA, 1993–2001. Instructed students of all levels and abilities, including “gifted” and “special-needs,” in both heterogeneous and homogeneous settings; operated as an interdisciplinary team member and leader with three other teachers; team taught with inclusion special-education teacher.
