

Our experience with JayRodd/JaeeSungg/Douyin2

Edit: **DO UNDER NO WAY SHARE PERSONAL INFORMATION ABOUT THE INVOLVED PEOPLE. ANY INFORMATION THAT IS NOT SHARED IN HERE WILL BE CONSIDERED DOXXING. THIS INCLUDES NAMES, AGE, PRONOUNS, LOCATION, RELATIONSHIP STATUS ETC.**

This is rather a compilation of his behavior and action, as it shows better than just explaining. In short, Jay has shown disturbing actions that have been hard to accept. They have been acting normal for the most part until they overstepped their boundaries and showed parasocial behavior. Ever after, they have harassed multiple individuals, and below is proof of the troublesome messages they have sent us.

Some affected individuals are **not comfortable with sharing personal information** about themselves, in respect of their wish I have censored some information and removed bits that are not directly relevant/personal information.

The first incident that troubled us happened on May 2, in 2022. JayRodd was a moderator in a streamers chat, and was offered to work with video editing and had access to their DMs as they were trusted at the time. Jay saw this as an opportunity to overstep their boundary and disrespected their role for their own advantage, and got respectfully rejected. As a result of this, they left the server and unmodded themselves as a way to make up for the incident, even though it was not asked or warranted by the streamer.

Only close moderators got information about the incident, and tried to comfort both of them by seeing both sides. We were unaware of how they would handle the case, and faced big consequences from them.

Coming up is screenshots of conversations we had with them. They are a bit cluttered as they would message multiple people at the same time over a longer period of time, and sorting the big pile of evidence in chronological order will be difficult.

Making this document was not a pleasant experience, but it is necessary to prevent them from preying on other innocent streamers who might be clueless about the true colors of JayRodd.

Edit: I have finally accessed some screenshots between Jay and I. Anything that can be regarded as personal information will be censored, however I will not remove important information about our interaction.

I want to mention I could not find the original messages between Jay and me, and therefore my messages are from a couple days after the main incident.

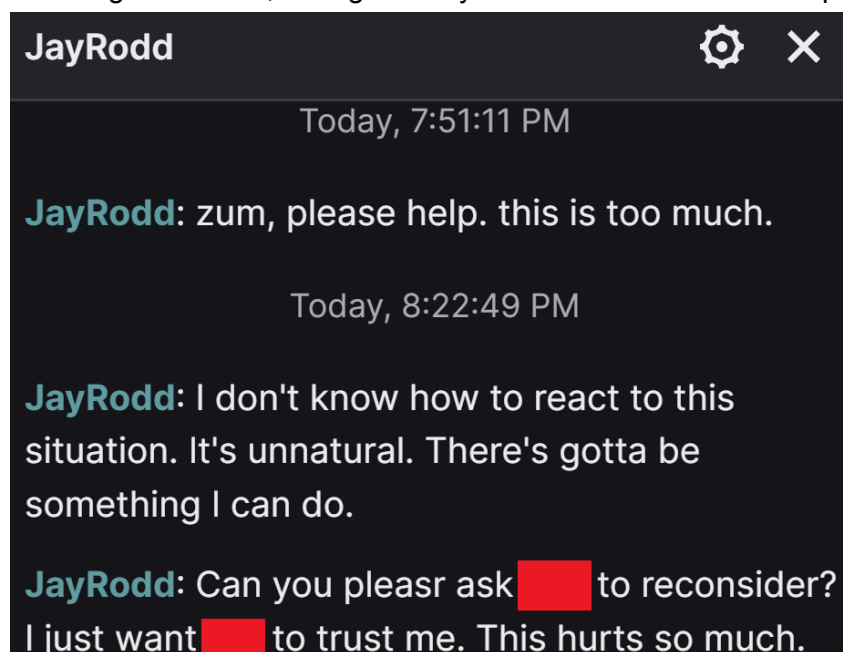

I also want to highlight that Jay has done similar things to other streamers in the past, and gone beyond to be closer to the streamer so they had a chance to engage parasocially.

Screenshots and message from Zum

My original bond with JayRodd was initially that they were a moderator in a team where I was moderating too. As a mod team, we wanted to be inclusive and create a healthy mutualship/friendship where we could play games off streams, chat and just hang out. I was never particularly close with Jay, and they would rarely speak in voice chats or join games when invited. I can't recall ever DMing them prior to the incident.

Prior to these messages there are several missing messages from the deleted user that I am unable to find. I went back to the mod channel to find the earliest messages around this, and at this point we had already been harassed with several accounts on several platforms. I want to highlight that right after the first initial incident, I did reach out to their DM and did my best to comfort Jay and told them that sometimes things don't go the way we want to, but that's okay. I assured that they would be able to return eventually when things calmed down, and they did ask for an ETA which I was unable to provide, but reinforced that this is something that might take a couple of days.

The following conversation got blown up by me due to the stress I already endured past hours. I come across as angry and unreasonable, and looking back I regret the reaction a lot. I am not gonna hide my messages even though they can be very sensitive and brutal, and in no way does this represent me. I was already in a stressful situation where he made it worse and it's my words against theirs, but I genuinely can't find the screenshots prior to this.

Yesterday, 11:47 PM

You accepted the request

wasn't me who banned you but I saw the thing, nothing personal but it's less me and rather the situation
I don't want to get involved further as I have almost 0 context
I'll trust Zums and judgement on it as they are dear friends of mine
If you wish to resolve things I'm the last person to bring things up to anyway so I hope you understand

I don't think being banned in my chat changes anything or opens up a chance to make things right or wrong

They went around and spread sensitive information that we agreed on keeping between three

Another screenshot from a mutual friend who had been reached out to with 0 context or clue, we didn't want to involve anyone to begin with but they went around and told people very sensitive information that was NOT OK to share.

I'm scared
8:30 PM Of just not being friends anymore.

[REDACTED] Today at 8:33 PM
Just look on the bright side, we all agree with zum on what she sent u, and [REDACTED] is okay with continuing the YouTube deal. People like [REDACTED] don't know about all this

 **JayRodd** Today at 8:34 PM
How does [REDACTED] feel though? Cause I have no issue with being friends if that's the problem.
I'm doing ok. It's not a big deal at the end of the day. I'm just not sure if there's some sort of miscommunication going on?

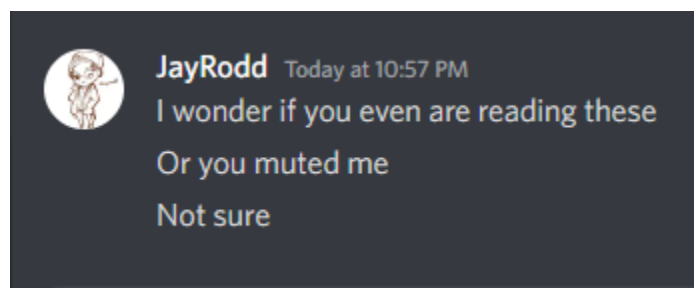

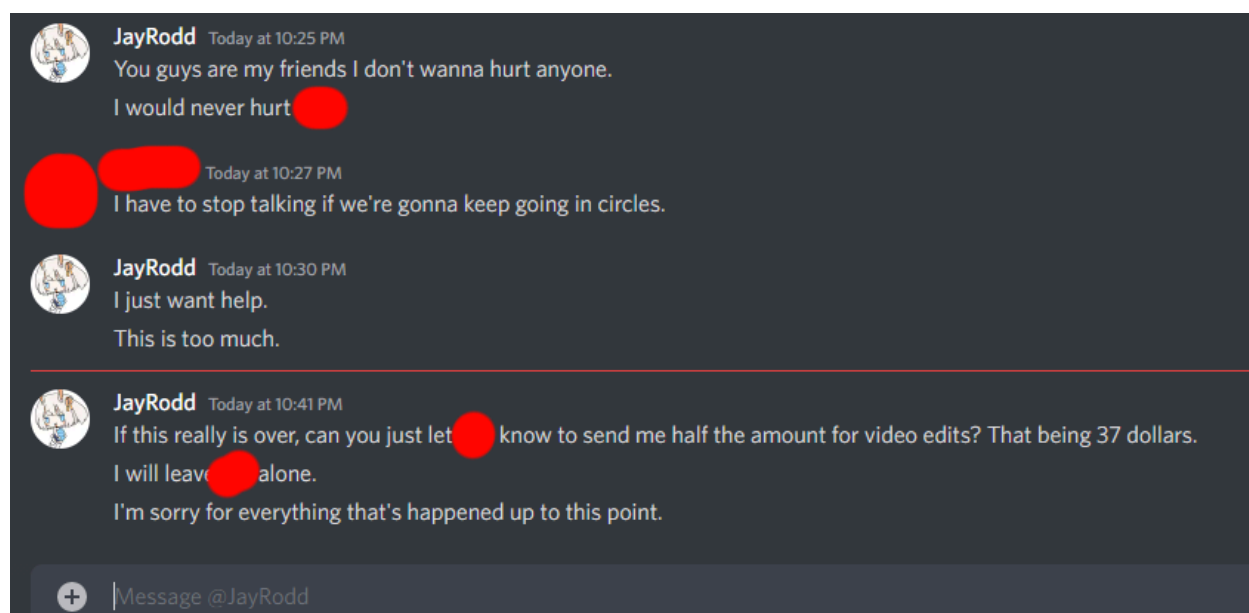

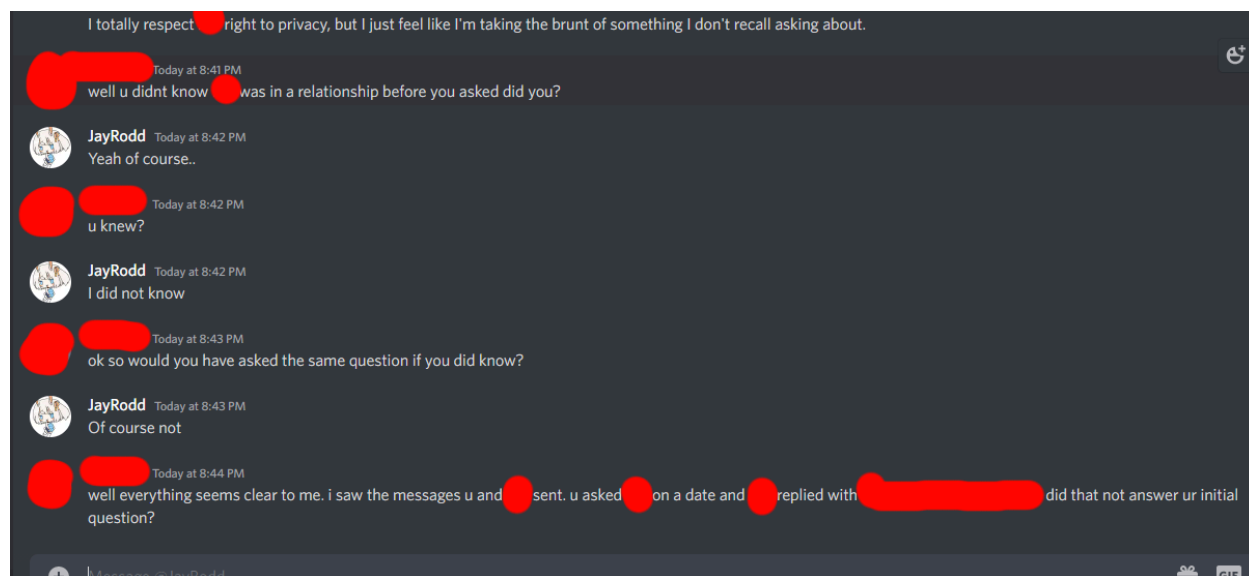

[REDACTED] Today at 8:35 PM
Miscommunication?

 **JayRodd** Today at 8:35 PM
Idk
I'm just not sure if things might be misinterpreted.

[REDACTED] Today at 8:37 PM
What things do u think are being misinterpreted?

 **JayRodd** Today at 8:37 PM
Mmm
I guess the fact that it seems like I asked about [REDACTED] relationship status. I just asked about a date. And I understand if it made [REDACTED] uncomfortable.
I totally respect [REDACTED] right to privacy, but I just feel like I'm taking the brunt of something I don't recall asking about.

JayRodd Today at 10:02 PM

Do you think there's anything else I might be able to do to minimize this?
I want to keep chatting in [REDACTED] friend's streams but I don't want to make it worse.

[REDACTED] Today at 10:03 PM

dont talk about it with others. dont try and reach out. continue watchin g and moderating streams. maybe try to focus on editing like for [REDACTED] for example. just try to contin
doing what you've been doing aside from [REDACTED] related things

JayRodd Today at 10:04 PM

Ok
Last thing: should I just reach back out about it in a couple weeks? Or just wait for an answer from you guys?

[REDACTED] Today at 10:12 PM

you can reach out in a couple of weeks if you want to but if u ask me, i still think its too soon to say anything changed

JayRodd Today at 10:14 PM

Alright
10:15 PM I guess I'm not sure if I should just move on or not.

[REDACTED] Today at 10:16 PM

i think the best is to move on for your own mentality. because if you don't then it's not going to be good long term, and definitely not short term

JayRodd Today at 10:16 PM

fuck man
I just don't get why [REDACTED] can just trust me.

I would never hurt 

 **JayRodd** Today at 9:21 PM  
Why
Why are you guys doing this
Why didn't you guys just help me when I needed it.
Why
Do you just get kicks out of me suffering or somethinf
Is that it
You guys made my life a living hell and now I'm gonna do the same.
Legit anything I look at reminds me of you guys and it pisses me off.
I got fucked over cause of you.
I lost everything
Why should I give you guys even an ounce of respect after this
 answer my question
You fucking bitch
All the times I hope not to get taken advantage by friends in life and I ttusted you guys. And you guys couldn't even handle it right. You screwed me. You should have gave me more insight. I told you I was scared. You did not listen.
You and  were so incompetent to the whole thing. Not telling me what's happening. Not trying fo help someone who was a FRIEND when they needed it. Treating me like some sex pest. But when I have a breakdown for the fourth time in 2 days I'm just mentally ill. (edited)

JayRodd Today at 12:16 AM

I think I will reach back out on June 1st. I hope that's enough time.

I will either message you or [REDACTED]

I will try to stay positive about this.

JayRodd Today at 1:20 AM

Is that a good idea [REDACTED]

JayRodd Today at 5:26 AM

I don't think you guys did enough to help accomodate me when I was struggling. I kept going the extra mile to make [REDACTED] NOT uncomfortable while you guys barely did anything to help. I don't think you guys even know how I feel right now. It's hell.

My past traumas made this whole ordeal feel like I was reliving it again. I really wanted some sort of comfort from you and [REDACTED] and got none. And I don't even think you guys care either. Was this planned? I just don't know anymore. (edited)

The more I just look at [REDACTED] messages too, they make zero sense in hindsight. You guys gave me something that I could not handle and willingly went of your way to make it worse.

I feel like the only reason you don't even respond to this is cause you know it's true.

You guys have something against me.

You even gonna say anything?? Or just keep being a coward about it?

JayRodd Today at 5:55 AM

Oh, and you wanna know the weirdest part of it all? Before anything actually got worse, my mod was removed. Why would you need to remove my mod if I'm not gonna be in the chat while it's online anyways?? This makes zero fucking sense dude. (edited)

I soft block [REDACTED] [REDACTED] hard blocks me after. I ask to take a break from editing, [REDACTED] suggests you guys replace me (despite me never saying I wanted to stop entirely?) You antagonizing me with misleading questtions to imply I knew about about the relationship even though I said otherwise. [REDACTED] saying asking a date is "unsolicited" even though we are friends and not a randon.

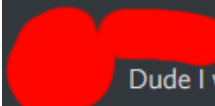

Explain this to me dude. You can't. You guys manipulated me.

I don't know if this is some type of paranoia that set this off?? But I'm trying to figure out why. I have a hard controlling my emotions in the moment.

May 6, 2022, 3:57 PM

When things initially went down I was worried you and [redacted] were hiding things constantly. I wanted to stop worrying about it but I kept thinking about every little thing and it got worse. I realize now I shouldn't have blamed you guys.

May 6, 2022, 3:59 PM

Please understand I'm not trying to use this as an excuse, cause I really don't know why I acted the way I did. It was bad and I see that.

I need to see someone about this.

Paranoia

[webmd.com/mental-health/...](https://www.webmd.com/mental-health/...) a lot of the symptoms apply to me a lot and honestly I kind of suspect this is the case.

I really hope you guys can reconsider. I will fight hard to gain your guy's trust back.

Sorry [REDACTED] but do you mind if I ask again what led to the ban? It was cause I said the situation was unfair?

Mon 2:58 PM

I just want to clarify too cause I did say this alot: I was uncertain of everything and felt worried. I'm sorry if [REDACTED] thought that was dismissive, but I was worried. I understand that was wrong niw and I should have taken proper steps.

Everything else was entirely bad though. I should have just stopped and cooled down after the fact.

But, I just want understand what I could have done better. From your guy's perspective. I know just waiting is one, is there anything I could have done?

Mon 3:02 PM

It just really does hurt when you guys gave up on me so fast as a friend. Again, I'm not saying what I did dm'ing you guys/on twitter was ok. I just wish I got more help.

These past couple of days have been awful. I lost not only a group of friends, but I treated them like shit too. I don't know what to do with my life anymore. I feel like I lost everything. Just when I thought I had everything right, it's all gone because of me.

yeah man so thing is reached out to me after you asked because was overwhelmed in an uncomfortable way and didnt know how to respond, so i helped type something up real quick, (that being the message sent you in response)

knows you and appreciates you as a good mod, good editor and just a good person overall but wanted to say a personal line was crossed and are uncomfortable as a result is a great person and its easy to see how anyone would wanna ask out, but remember that has dms closed because of unsolicited advances like this asking out, whether aware or not of current relationship status, was a breach of VERY private life, a breach of trust and a breach of friendship for that is currently not comfortable with dms of any kind and wanted me to ask that you temporarily remove yourself from the discord and distance yourself from stream chat since see your name and associate it with this situation

TO BE CLEAR, this isn't a ban, this isn't a black list and I believe the YouTube commissions are still ongoing (i will clarify shortly), but more of a temporary distancing until can feel comfortable again.

If you need to reach out to you can reach out to either myself or our goal isn't to embarrass you or make you feel shunned at all and friendships with the group aint severed or anything like that but, is allowed to do what is right for comfort in own server and right now, wants some distance to clarify, only you me zum and know about this.

the rest of the dont need to know and none of this needs to be public or anything the only reason those who know, know, is because privately reached out for help.

again, for the time being removing yourself from the discord and chat is what is requesting until can feel confident that is no longer uncomfortable but this aint a bad terms thing that cool?

JayRodd 5/2/2022, 3:46:45 PM

hey bro, woke up and saw your messages
talked to  about it
 expressed that  is still uncomfortable with everything.
its  safe space and  says it isnt fair to 
 doesnt want to directly speak to you because  has had this happen to  before in the past and is extremely uncomfortable
and to that i gotta agree man
 said it broke  trust and s  very adamant about how things have been handled so far.
at the end of the day this environment,although friendly, is  profession
we gotta respect that and treat it as such. a workplace thats out of sight
its been a day or two so far and the embers are still very hot.
there was no permaban or really any ban whatsoever,just requested distance and  is upset that its being brought up so very soon
 mentioned that if its difficult and stressfull for you to edit videos under the current circumstances, then  thinks it would be best to find another editor

 JayRodd 5/4/2022, 11:33:25 AM

a mistake was made, and we gotta uphold it bro

but weve been trying to keep this to as little people as possible,but that takes you to participate as well.

JayRoddity

Hey, I want to give a proper apology this time as I don't feel my last one was good at all. This isn't about me anymore. This is about how I've hurt ALL all of you. What I've done the past 3 months isn't an excuse regardless if I felt hurt or not, I just needed to give it time and wait for [REDACTED] to feel comfortable around me again. Regardless if I had struggles in the past, is not an excuse at all. If I have any respect for you all, I need to respect those boundaries and let you all go. Anything I do in the future would just be an excuse. It's always been an excuse to me. I don't want to let myself be weighed down by regret and guilt for what I did. I know this is something I need to heavily reflect on in the future, cause I don't want to hurt anyone like this anymore or make ridiculous excuses. I don't know how badly I hurt you all. But I know it must have been really bad. I don't expect

you all. But I know it must have been really bad. I don't expect you all to forgive me, but I just want to do this cause I know it's the right thing to do. I'm sorry for everything.

I just want to spend time with you all again and have fun like we used to. I don't want to hurt anymore. You guys helped me so much through tough times back in January. I had no good friends before then. I'm sure you even heard how I got parasocial with [REDACTED]. It was bad but thankfully I got over it for the most part. You guys helped me get through that. That's why it's so painful trying to move on. This is entirely my fault and I don't know what to do anymore other than amend things and apologize to [REDACTED] firstly cause I made [REDACTED] so uncomfortable. I still don't understand how badly I hurt [REDACTED] and it makes me feel terrible knowing that. (edited)

Doyun2U: [REDACTED] I'm really sorry for messaging you again but I'm having a hard time controlling my emotions about everything. I feel like everyone sees me as a predator or liar when I am not. This is the only thing that feels right to do and I just want closure.

Doyun2U: I don't feel like I know the full context as to why I got banned or got any say in how I felt being distanced from the community. I know I fucked up by having a meltdown on twitter and messaging everyone. I didn't want to message anyone about it in general. Losing everyone was too much and I just don't want to feel overly anxious about everything anymore.

Doyun2U: Idk why I keep messaging you guys I'm sorry. I just want to stop hurting people I cared about. I'll block you now. I'm sorry.

Doyun2U: I am now speaking with my therapist weekly now but only cause I have been having constant suicidal thoughts. I am also going to speak with a psychiatrist. Please try to understand I am mentally unwell and have been for years. This is the first time I've taken this much action for myself.

Doyun2U: Please give me leniency and time to fix my mental state. I have been like this for so long and I genuinely just want to get help. Just please don't report me. I want the pain to stop and I really can't afford all this treatment part-time. I am sorry for everything I'm begging you guys.

Doyun2U: The only reason I've been part-time is cause of what I did. It's too hard and I just want to change and be happy again.

managing it so that I may prevent this in the future and move on. I apologize for any issues that might arise from contacting you. Thank you.

Doyun2U: I honestly think about the feedback I received from my friends and my therapist about the situation and I think you all took advantage of the consideration I was trying to give [REDACTED] I don't think I'll ever understand why. Even when I asked. No one wanted to try to resolve what I apparently said wrong. If one minor slip up can just lead to dropping a friendship, I don't think you guys ever cared about me.

Doyun2U: I wanted to respect [REDACTED] privacy. I tried to remain calm. And when I voiced multiple times to everyone I felt anxious cause of past friendships, everyone seemed respectful of that before the ban. Everyone became indifferent. And everyone started to treat me like a creep. And now I just have to act like getting banned from several streams and losing a lot of people is normal and move on?

Doyun2U: I'm not gonna pretend like I was entirely at fault for this anymore. The lack of communication was terrible since the beginning. I'm not gonna try and keep getting angry about this anymore, but I refuse to believe I wasn't taken advantage of and ignored. I hope you all realize that some day. Please communicate better to resolve things rather than just cutting ties cause what you did to me was very emotionally damaging.

[REDACTED] We clearly & directly gave you a final warning and you chose to ignore it as if we said something like that simply as a joke. We will be moving forward with contacting further parties in this situation. I will be blocking you now. Again, do not try to contact anyone further.

I think I might have BPD. I'm not trying to use this as an excuse. But I'd like you all to consider how I am doing mentally. I feel extremely impulsive and one slight thing triggers my emotions a lot. I am waiting to get DBT therapy as well to see if it helps, but I'd like my bans to be possibly reconsidered. Please only bring this up with privately. I don't want to stress anyone else out. (edited)

Doyun2U

Doyun2U: Can my bans be reconsidered in the future? I need time to reflect on what I did wrong and I'd like to get a proper diagnosis from my psychiatrist/continue with my group therapy. If not, I'll just try to move on.

Doyun2U: I've been thinking about myself more than what I put you guys through. I've been really selfish and I need to think about what I've done, both past and present.

Doyun2U: Again, if this just isn't a possibility, I'll do my best to move on. I put you guys through enough already and I should have tried sorting out these issues when I could.

Doyun2U: I'm just not sure how to move on I guess. Idk.

Doyun2U: I have a DBT group therapy appointment within hopefully a week or two. I just ask that I have some sort of support from you guys cause it's hard not having any sort of reassurance about it all. I'm really trying with what I have.

Doyun2U: It's hard regulating my mood in the moment and I just don't know why.

Doyun2U: <https://www.verywellmind.com/how-to-help-a-friend-with-bpd-425221> assuming this is the case and I have bpd or some other sort of personality disorder, reassurance can go a long way with recovery. Even if I seem unsure about things still. Support helps.

2:29 ↗

Doyun2U

Doyun2U: And having [REDACTED] was probably one of the worst things I had to hear. Hearing your own friend tell you that really sits in your head. Someone I look up to. Someone I didn't want to hurt.

Doyun2U: Just hearing how much no one cares, and feeling like no one ever cared. How do I move on from that at all? It's just not normal.

Doyun2U: [REDACTED] was my best friend. And despite it all, I still care about him. I saw him like a brother. Spending time with him lifted me out of a dark part of my life.

Doyun2U: And now it's all gone. It's all gone and I'm sorry. It's probably wrong to say, but I just don't understand how this warrants this much punishment. I'm really trying to learn. But losing people I care for like this is too painful.

Doyun2U: I can't help but keep thinking about it cause I feel like I'm missing something.

Doyun2U: Meeting you all was probably the greatest thing to come into my life. And I made the biggest mistake I could have ever made. I lied, I got angry. I harassed you all.

Doyun2U: If I had just listened to [REDACTED] and [REDACTED] I could have prevented this.

Doyun2U: I'm really tired of doing this.

Doyun2U: I just want support from you all.

Doyun2U: How can I stop thinking about this

Doyun2U: I don't know how

Doyun2U: Is there room for fixing things in the future or am I just wasting my time

Doyun2U: I don't want to be alienated like this

Doyun2U: I'm trying to move on. What am I supposed to do. I can't move on and my job is being put on the line when I don't know how to stop

Doyun2U: I've been trying so hard since early on to stop myself from making things worse and I can't do this

Doyun2U: I don't even know if my job even knows at this point. I keep thinking about what [REDACTED] tells me and I just keep panicking even at work about this.

Doyun2U: I never wanted to have this happen. I'm not the perfect mental strong person you guys probably thought I was.

Doyun2U: Losing [REDACTED] put so much strain on me I lost all my rational thought and I just threw it out the window

Doyun2U: I'm not strong at all. and I just want help now. I just want to leave it alone and stop bothering everyone. I just want to stop hurting. I just want to let it go and have peace. But I don't know what to do. I really don't. I've tried doing more research, I'm trying to exercise and distract as much as I can with other friends. But the grief and regret I have is too heavy.

Doyun2U: If there's anything I can do, please just let me know. I keep thinking about it and it's bothering me a lot.

Doyun2U: Therapy is the only thing I can think of but I don't know how to stop thinking about being banned everywhere.

Doyun2U: Even if I'm able to push past this, I don't know how long it's gonna take. It's almost been 2 months and I'm still struggling like I was on May 4th.

Doyun2U: Why am I being treated like a crazy guy when I just wanted emotional support from this. I've gone through so much trauma in my life with friends and reliationships alike and losing everyone feels like my entire life is gone.

Doyun2U: I'm just hoping every day that I can just move on from this and then I find out I'm banned from another communitty and I j ust feel w orse and worse. Getting banned from Nyanner's channel was probably the worst I felt since I saw [REDACTED] banned me.

Doyun2U: I had spent so much time in her community and I just wanted to move on only for things to get worse. Why did that have to happen to me. Why do I deserve all this.

Doyun2U: I don't even understand why I was banned in places I don't even watch or follow, but I was able to stay in [REDACTED] streams. Is this just some sick test? This makes no sense to me.

Doyun2U: You all want me to stop messaging yet I'm supposed to just pretend this is normal. This is not normal.

Doyun2U: I just feel bitter and betrayed. Like I was disregarded without the benefit of the doubt.

Doyun2U: If the goal is just to push me out and pretend like we were friends then idk, I guess you won. This is too tiring on me and I'm tired of always feeling suicidal and clinging to something that I thought would last forever.

Doyun2U: I'd like to think you guys aren't terrible people but the more questions I have the more I just think yyou guys are hiding things from me and the more I just affirm to my self I'm not a fucked up person: you guys are too overprotective and don't want to trust me cause of that.

Doyun2U: I could have voiced more than I did already with [REDACTED] and [REDACTED] how worried I was about losing you all and I don't think it would have made a single difference. The moment I asked [REDACTED] out on a date was the moment I was seen as the creepy stalker.

Doyun2U: I'll admit, it was pretty socially retarded of me to ask something like that to [REDACTED] so early, I should have made it more obvious I was interessted and just waited, but my impulsiveness was greater than my logic. And that's on me.

Doyun2U: Hiding what I did hide, was bad, and I should have just told [REDACTED] when he asked me those questions, but I was scared and thought it'd only make things worse if I admitted to it.

Doyun2U: I don't know if everyone at the end of the day was trying to be honest with me, or wanted to get my side too. Albeit me lying did make things worse in a way. I just wish I didn't feel antagonized initially. Cause I very much did.

Doyun2U: That's why I had that outburst towards [REDACTED] The

2:30 ↗

Doyun2U

Doyun2U: That's why I had that outburst towards [REDACTED] The stress was too much on me and whatever I may have said (I don't really remember what I said at all actually) triggered a ban. And when I told [REDACTED] I had been very emotionally triggered by everything, he dismissed it. No one acknowledged it.

Doyun2U: Again, if I could stop messaging you all I would. I don't know how. Maybe therapy will help me soon, I really hope so cause I just want to move on. Blocking hasn't helped.

Doyun2U: I just wish I had some closure. I know I'm not gonna get that. These messages are probably pointless, I just feel like I have to vent my frustration with everything, despite me knowing I did wrong, I do feel very wronged as well.

Doyun2U: Idk, I refuse to believe [REDACTED] wanted to ban me cause of what I said to [REDACTED] It had to be way more than that.

Doyun2U: Whatever I was banned for isn't being told to me cause it's something I have no clue about and it's being held against me for some reason. If there was a reason I would have been told. It makes zero sense.

Doyun2U: If there was a reason to ban me beyond banning me from [REDACTED], it doesn't make any sense. If being frustrated emotionally and having things be retriggered means I need to be banned from several streams, that is just overreacting at this point.

2:30 ↗

Doyun2U

Doyun2U: I feel ignored and lose a friend and I begin to absolutely devastated and suicidal and I get made fun of for it and get told to go and do it.

Doyun2U: Nothing out of this makes sense.

Doyun2U: Like, whatever I said to [REDACTED] must have been REALLY bad to warrant a ban. I don't remember it being bad, and when I ask what I had said to [REDACTED] cause I couldn't remember, I was told "you are not entitled to a reason" ???????

Doyun2U: I try every possible avenue to correct what I said and want to make things right cause I don't know what I had said, and I get told to just move on. Like, friends sort things out.

Doyun2U: Is this a matter of me thinking I'm trying to get creepy with [REDACTED] then??

Doyun2U: Cause I don't understand how that's gonna work at all.

Doyun2U: And you all know that.

Doyun2U: Again, I have all these questions and yet left unanswered with no communication cause no one wants to talk about it. I'm treated like the enemy instead of a friend who's confused about everything.

2:31 ↗

Doyun2U

Doyun2U: I'm just supposed to hold all this grief and confusion and wondering if I'm entirely wrong or wronged entirely and I just have to just suck it up???

Doyun2U: I've just been so emotional about this whole thing since this started. You can see this in my early dms with [REDACTED] and [REDACTED] I was extremely stressed. Nothing has been changed. Why was I never given the benefit of the doubt?

Doyun2U: I blew up in frustration at [REDACTED] and [REDACTED] cause I've felt like no one really understood me at all. I said I was scared of losing everyone and was worried everyone hated me, asked for support, etc but then I get past traumas proven by losing everyone. Am I even seeing the same dm here???

Doyun2U: The only messages I even deleted were to [REDACTED] and [REDACTED] and I told [REDACTED] regretfully, that I did not want to be his friend and to never talk to me again, cause I felt like he was hiding something. I told [REDACTED] that I felt like you were all hiding things from me constantly, cause when I'd ask him and [REDACTED] questions, their answers did not make sense.

Doyun2U: And then I spammed him angrily about it. Again, I hate that I even did that, but you have to see at least where I'm coming from here.

Doyun2U: When you feel like no one is listening to you or that

2:31 ↗

Doyun2U

Doyun2U: When you feel like no one is listening to you or that things are being hidden, you're gonna be frustrated. And when you don't know what to do you're gonna get mad about it. Was this even seen or talked about?

Doyun2U: And this was one of the reasons I was banned. Despite no one ever giving this any thought, despite me being a friend, I was banned for this. Why?

Doyun2U: The only thing I have lied about was related to dating. Everything else is true.

Doyun2U: And again, the only reason I lied is cause I was worried it would make it worse. For a valid reason.

Doyun2U: Doesn't make it right, but I had a reason to.

Doyun2U: This is just fucking frustrating honestly.

Doyun2U: WHY WOULD I ASK [REDACTED] ON A DATE [REDACTED]

I really can't handle the bans.
I have serious anger issues and I keep flip flopping with my emotions. I keep harassing everyone even though I need to stop. I really don't know how to move on. I'm scared.

Hey bro. I'm not here to make excuses or apologize, cause I've already done that enough. I just want to let you know I'm taking what you all have taught me from the situation and I'm doing my best with everything I caused. I don't harbor hate for you all. And I'm doing a lot better after all this. I know I did a lot of damage. But I just want to thank you all for giving me a wake up call on my behavior. I hope you all continue to do well.

And just to own up to it cause I know it's very serious: I know what I posted about on 4chan was not ok at all. I should have not used my anger in that moment to do what I did. I know you all won't ever be able to forgive me and I'll take this as a lesson. Thanks.

I literally just saw someone on Twitter this morning post about one of my schizos sending them death threats in Twitter DMs, and that dude has been going at it for almost two years now. They are like cockroaches, unkillable and they will never leave no matter what

Oh yah I think this is the first time his name has finally been publicly called out as a freak right? I remember [redacted] for the longest time wanted nobody to talk about him cause [redacted] was afraid he would come after [redacted], but I'm sure dozens of people have Jay stories of him being a creep that just don't know he's a serial freak

Did I ever tell you what he did to me? After [REDACTED] and [REDACTED] banned him he basically tried to use my channel as a launching-off point to interact with them and [REDACTED], and to try and beg his way back into their communities. I banned him after I heard what he had done, and he sent me a big simpering unban request where he acted like he was the victim and was a changed man, even though he was still harassing them all weeks after sending the request

Yes, I literally said "IF YOU WANT TO "MAKE IT UP" TO US, NEVER CONTACT ME OR ANY OF MY FRIENDS AGAIN AND MOVE ON" in the rejection to the request, and literally 6 days latter he used an alt to DM

JaeSungg: Hey, just letting you know someone that was apparently banned from Charlotte's server is threatening to dox streamers. I'm not in contact with Charlotte anymore but just letting you know since you guys are friends.

Today, 8:32:24 AM

JaeSungg: Their tag is Bonehead#9243

Currently stalking her and looking for help.
I want to send her a DM on discord to scare her and know I'm following her.

I got banned from her twitch chat months ago and I was honestly pretty pissed that she went psycho on me for no reason.
I've snuck back into her discord and have been honestly stalking her.
It just feels fun to take on the role of a stalker.
How can I let her know that I'm following her and get a reaction? Maybe a private call when she's not streaming??

dude, i hang out with people from twitch irl all the time, it doesn't bother me, if you want to have a cringey discord call and tell me you're stalking me, i'm in voice chat like 90% of the time, feel free to just join and then say "hey i'm trying to stalk you" and then your mission will be accomplished

but no, even if you find personal information about me, i still will not give a single flying FUCK about vtubing and i will not pay attention to you because i just want to draw

any questions feel free to ping me in general

thanks

surely if you know all this about me you've heard me talk on stream multiple times about moving on from streaming and going on to doing irl stuff like school and a gamedev job

if you want to get to know me, engage with me on these terms instead of trying to stalk me for my attention

This is an incident of another mentally deranged user who heard that they do stalking and doxxing, and referring to them for help to dox Charlotte

uh hello?

Bone Yesterday at 8:54 PM
Hey
How's it going?

JaeeSungg Yesterday at 8:55 PM
Why did you add me
And how did you get my discord tag

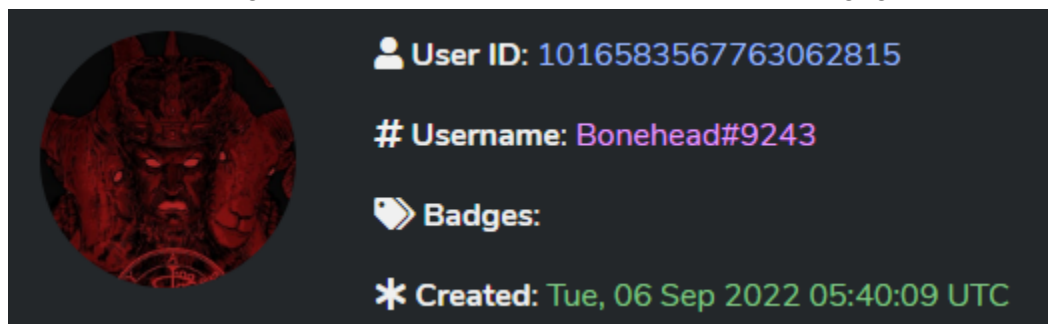

Bone Yesterday at 8:55 PM
From CharlottevanHalen's discord that banned me.

JaeeSungg Yesterday at 8:56 PM
??? LOL ok.And that's my issue why?

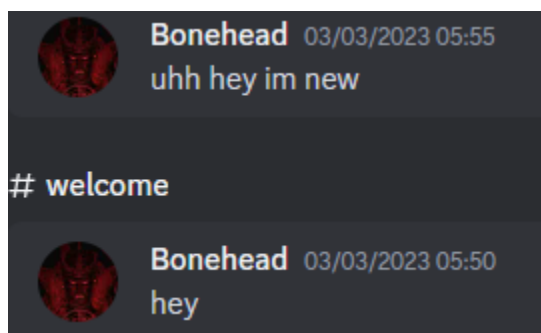

Edit: Bone and Jae are believed to be the same person after investigating a bit. Account made a few days before being banned in CharlotteVanHalen, no back message of welcome and also posted fake images to pretend they are not the same person. In the alleged dm of exposing a stalker, and IP grabbing it to be a Canadian guy, the dm tag doesn't match either. It says Bone and not Bone and looking back on messages they have referred to the person as Bone, indicating the dm has been fabricated in a way. It's believed to get a good guy to act back and lure the way back into the community again. They also posted really sensitive and personal information about the mentioned streamer to "clear out their name" without showing any receipts or proof, misleading the audience to believe that the streamer engaged in parasocial behavior.

 **Girthquake**  22/03/2023 11:47
Did he delete welcome message or did we delete welcome channel cuz raid?
I remember that channel sure did explode that day

 **Bonehead** 22/03/2023 11:47
I've never deleted a single message here, so you've gotta be making a mistake.

 **prodbycharr** 22/03/2023 11:47
it was in february
the raid was before

 **Girthquake**  22/03/2023 11:47
Ah

 **prodbycharr** 22/03/2023 11:47
i'm just trying to make sure i understand this fully because i dont want to make someone who's innocent ostracized

 **Bonehead** 22/03/2023 11:48
I only got here like a month ago, so yeah. It should still be there.

 **prodbycharr** 22/03/2023 11:48
where is the twitch account then
?

 **Bonehead** 22/03/2023 11:49
I tried using one, yeah, but I stopped trying. I couldn't follow anyone and twitch refused to reply to my complaint.
Never followed. Never replied. Nothing.
It's stupid.

 **prodbycharr** 22/03/2023 11:50

okay understand
in that case i dont really mind if you stay plus most of the time we are just doing our own thing here

 **Bonehead** 22/03/2023 11:50
Kk

 **prodbycharr** 22/03/2023 11:50
but yes please let me know if any malicious contact comes to you because safety is a priority for myself and the other members of the server

 **Bonehead** 22/03/2023 11:51
If you feel like I'm causing trouble just lemme know and I'll leave.
11:51 Sorry

Looking at my dms etc I can't see them anywhere, so there something sus about all this.

prodbycharr 22/03/2023 11:40

bonehead what's your name on twitch?

maybe you are in a channel and this guy saw you

or something like that

cuz the first time we had an issue about this guy, it was something like that

people saw him and then chaos ensued

Bonehead 22/03/2023 11:42

Are people going to judge me if I say I don't have a proper twitch account? 🗿🗿

I just hop around and sometimes revisit creators I like. Twitch is kinda too toxic for me.

Same with Twitter

prodbycharr 22/03/2023 11:43

then im not sure why he is beefing with you

what other channels do you join their discord?

if you can list some vtubers, that would help

because this guy has been a problem in several other people's discords

Bonehead 22/03/2023 11:44

Does anyone have his discord? Because I'm honestly just considering contacting him directly.

prodbycharr 22/03/2023 11:44

i think you are lying and i will explain why

Bonehead 22/03/2023 11:45

K??

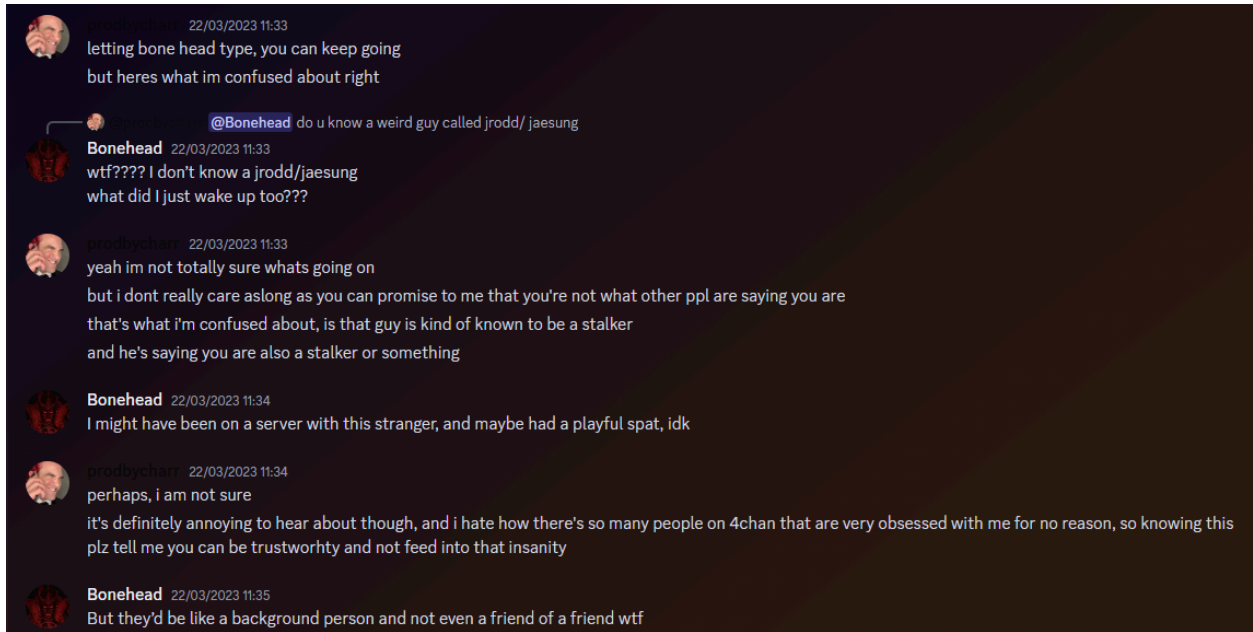

prodbycharr 22/03/2023 11:45

Bonehead 🐶 06/03/2023 22:17

I tried to follow someone on Twitch and it says I need to slow it down.

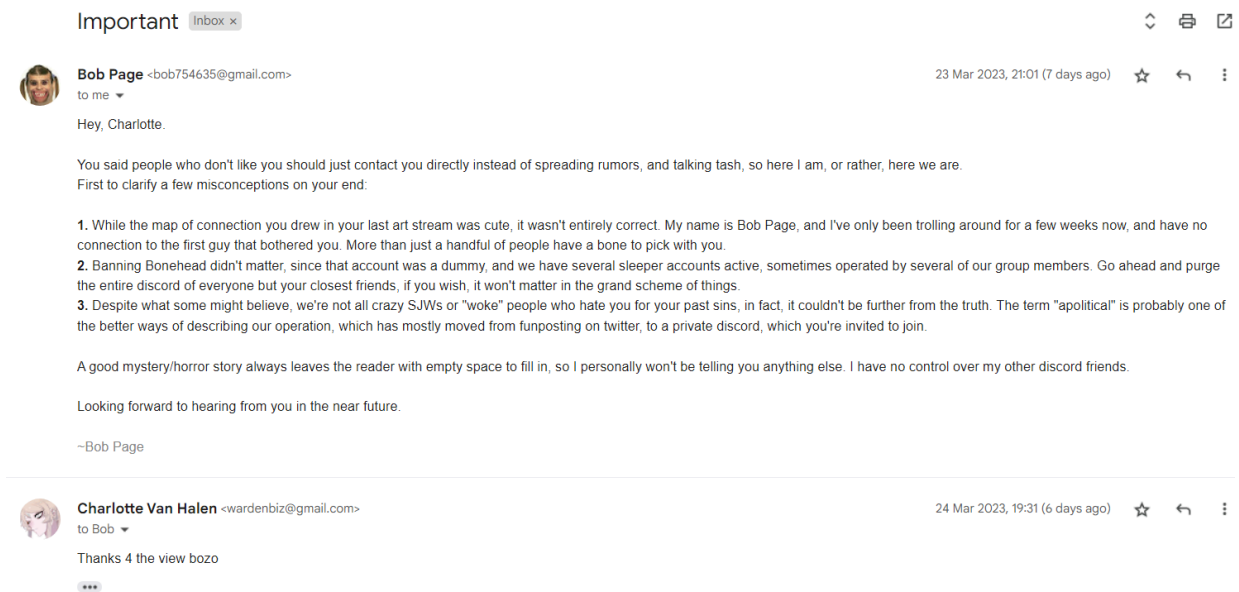

F'ing heck, twitch 🤡

They pretended to not have a twitch account and got the benefit of the doubt first. It's ridiculous to see how far this person goes to clear out their name and act like a good samaritan with malicious intent.

Edit:

They are now sending mails to Charlotte, threatening her in several ways.
