Initial Program Review
DESIGNATED SUBJECTS: CAREER TECHNICAL EDUCATION Preconditions Feedback

Institution	Kern County Superintendent of Schools
Submission Link	KCSOS Accreditation (smore.com)
Date of Review	August 2024
Dates of Subsequent Reviews	December 2024

Reviewer Instructions:

- You will be providing feedback for each precondition noted on this form.
- If the precondition **is fully addressed**, please write "No additional information needed at this time" in the respective *Reviewers' (First, etc.) Review* row.
- If the precondition **is not fully addressed**, please provide specific feedback, and identify the part(s) of the precondition not fully addressed.

Institution Instructions:

- Provide the **direct link** to the updated submission in the *Link(s) to Institution's Response* row for each precondition that the reviewers identified as needing more information. The link must take the reviewers to the **exact location** of the additional evidence and/or narrative on the IPR proposal website.
- Ensure that the additional evidence and/or narrative is easily identifiable using either **bold**, highlighting and/or different colored text. Also, identify the response to feedback (i.e., "Response to First Review," "Response to Second Review, etc.").
- Once you have responded to the feedback, *please email this form back to the IPR Team as an attached word document*.
- Once all the preconditions are aligned, the IPR Team will ask you to post the final feedback forms on your institution's IPR Proposal website.

Initial Program Preconditions

Please reference Evidence Guidance for Initial Program Preconditions for this section

Initial Program Precondition 1: Demonstration of Need

Reviewers' Feedback & Institution's Response
Initial Precondition 1 (IPC) First Review: No additional information needed at this time.

Initial Program Precondition 2: Collaboration in Program Design and Implementation

Reviewers' Feedback & Institution's Response
IPC 2 (IPC) First Review: Provide evidence of collaboration with institutions of higher education in the design of the proposed program. For example, Bakersfield College is included in the Program Design table, but it is unclear how the individuals were involved in the program design.
Link(s) to Institution's Response to IPC 2 First Review: Over the last few years, we have worked in collaboration with Bakersfield College to determine how to design the proposed program to best support CTE teachers In Kern County. During our collaborative time our team utilized their expertise to begin the construction of the coursework and evidence can be found in the following recap emails: BC-CTE Collaboration 1, BC-CTE Collaboration 2, and BC-CTE Collaboration 3 In addition, our team facilitates Advisory Meetings twice a year. The Advisory group is made up of various partners which includes local p-12 districts and Institutions of higher education. The purpose of these meetings is to collaborate and seek out advisement for our accredited programs, which includes the proposed CTE Credential program. Here is an example of how we have collaborated with IHEs in the design of the proposed program. The KCSOS 23-24 Advisory Newsletter contains the slide decks and meeting notes from these collaborative conversations.
IPC 2 Second Review: No additional information needed at this time.

Program Specific Precondition- Designated Subjects: Career Technical Education

Program Precondition 1: Developed, submitted, and implemented by an LEA

Reviewers' Feedback & Institution's Response
