

On the Horizon:

- Term 4, Week 6 deadline for **December bulletin**: Send to nteinakore@marinav.school.nz

Notable News:

- Principals of all schools in Whiria te Tangata have now started meeting to **refresh our shared achievement challenges**. Discussions about these challenges will be ongoing as we work to strengthen our collaborative relationships between schools.
- We have a **logo**! It's still being tweaked, however you can get an idea of what it represents [here](#).

Special thanks to Di Cavallo from HPSS who designed the draft.

School Collaborations 2019

Over the year, there have been opportunities to collaborate with each other and share expertise. While teacher collaborations are important, having students interact and learn together is pretty special. Massey High School have spent time with Whenuapai this year, assisting them with their Kapa Haka.

Recently, Hobsonville Point Secondary had HPPS, Whenuapai and Hobsonville School visit and participate in a fun day of learning with their project students.

On Friday, Huapai (with assistance from MVS), organised and ran a very successful Nor'west Cultural Festival with nearly every school from Whiria te Tangata participating.

The students enjoyed mixing and supporting the cultural diversity that makes our area unique. Here are just a few photos of the day. After we've checked online permission for students photos, check back on our website to see all the photos and some of the videos taken.

Actions:

- Check out our Whiria te Tangata Website: <https://www.whiriatetangata.school.nz/> in a weeks time we'll have all the photos from the Cultural Festival on there as well.
