➤ **Q&A**

- Jeff B.
 - The weapons current fall into three categories:
Key aspects to a deck (Warlock, Mage, Rogue)
Meme decks (Warrior, Druid, Hunter, Paladin)
Unplayable (Priest, Shaman)

Currently 2/3 rds of the weapons barely seem play. What would it take
for some of these weapons to be more playable? Would that be good for
the game?

■ Year of the Mammoth saw three unique Legendary types introduced (Quest, Death-knight, Weapon).
What would you like to see as a new type of card introduce in the upcoming year?
