Principal's Report **Rob Ceglie, Principal**

Job Postings & Hiring Update:

Recognition for Alex Hanson, Graduating Senior, serving two years on SAC.

We are hired for next year. We filled 4.5 new positions.

CMAS Testing:

Testing week next week. We are asking parents to understand why CMAS is important. Hoping parents encourage kids to give back as last year we did not have enough kids taking CMAS. CMAS is Thursday the 16th for Juniors and runs about 1.5 hours and starts at 10am. Kids still can catch up on rest most days that week. See the test schedule on the website and in MV Newsletter.

AP Testing

First two weeks in May. This does not compete with graduation, etc. May 4-15th. The testing is at Vista. Kids are more comfortable, and it is more cost-effective without having to rent a space for testing to take place.

New Bell Schedule Starts Next Year

Starting every day at 7:50 am. On Fridays, we start at 8:35 am. The end time for all five days is 2:55.
Mountain Ridge starts at 7:25 am, so this, combined with our start time, should help traffic overall.

Graduation

May 20th 7pm. Red Rocks is the location again. Similar format to last year in terms of how we read names. It is A-Z broken into two groups. We will send out info on which side your student will be on.

Events and Activities Update **Rob Ceglie**

FBLA was a smaller group this year. They did a great job along with FCC.
Next Thursday is opening of Cinderella, running from Thursday to Saturday. April 16-18th.
We are currently in Diversity Week. It is low key and during the school day. There is a theme every day.

SAC Priority Focus: Annual Budget Overview **Rob Ceglie, Principal**

We are in year 2 of a 2-year plan. The primary focus of the SAC is to inform the UIP.
We look at overall and targeted groups. We look at state data. This year we focused on the SPED population. We have worked with this group to help raise scores. We have revised our team-teaching approach. We use Common Lit to check in and for English 1 and 2 Strat classes. We help them to get used to PSAT type questions. We have a more frequent check in and try to increase learning and give kids an idea of what testing looks like. They take a test next week, and we will see that data in late summer.

DAC update **Jen Moody**

Erin Kane came to the meeting and told them about the potential Mill Levy override exploration ideas. To maintain our buildings and all requests, they are already considering three different options.

They have narrowed it down to one option, which they did not share, and will then start to explore how to push this out to the community.
Our district is over budget, but nowhere near how bad other districts are.
They went over surveys for priorities from SACs and ranked each item. They had a good turnout with schools submitting surveys. This helps them shape how they make decisions. The answers were weighted, which got good feedback.
It seems a bit late to roll this out since this needs to get out to the community for November elections, and that funding needs to happen. It is a large amount of money, but doesn't come out to much per year on residents' taxes.
They think this is a good year to do a smaller Mill amount since it is year two of Presidential cycle.
DougCo has an aging population, so it is tough to get these individuals to see the value and buy into voting for this Mill Levy.

SAC Membership Update

Laura Skarne will be voted in as Chairperson. Mackenzie Boeckmann will exit as teacher rep. Alex Hanson is graduating. Emersyn Linder will be on SAC for the first half of the year.

Sustainability Committee **Kyoko Okada**

Trash pick-up every month, and they had 13 students participate last month. They are working on Earth Day preparation, which is on April 22nd. They have 12 organizations participating this year.

Booster Club **Susie Morella**

Golf Tourney July 31st at DU. We need new goal posts, bleachers, and then fencing around small turf area. The sound system needs upgrading, too.

Prom Chaperones are in need. They need 15 parents for 2 different time frames. Prom is Friday
April 24th.
Staff Appreciation is the first week in May. Sign up went out in the newsletter.
There is a Senior Breakfast the week of graduation that will need volunteers as well.

Proposed Future Boundary Changes **Rob Ceglie**

There is a proposal out there to redistribute boundaries effective 2027-2028. This can affect declining enrollment.
It would affect the golf club area north of Town Center, West of Kendrick
Castillo Blvd. would now go to Trailblazer Elementary/Ranchview MS, and then ThunderRidge. Mr. Ceglie met with the Long-Range Planning Committee to argue our case. It seems that this is mainly to get rid of buses and sustain Trailblazer. It does make

sense somewhatbecause bussed kids are driven past T.R. on the way to Vista. If we are going to change
one boundary, others need to change as well to even out the distribution.
Other Factors:
ThunderRidge gets Sterling Ranch students.
Opening a new elementary school in Sterling Ranch in two years. It will be years before they build a middle and high school out there.
Back Country kids can walk to Vista.
