

Self Check-In Worksheet

For High-Performing Executives and Founders

How to Use This Worksheet

This self check-in is designed as a powerful reflection tool to help you pause, reset, and realign with what matters most—personally and professionally. The questions below are structured around five key pillars of holistic well-being that influence how you show up as a leader, creator, and human being.

Suggested Duration:

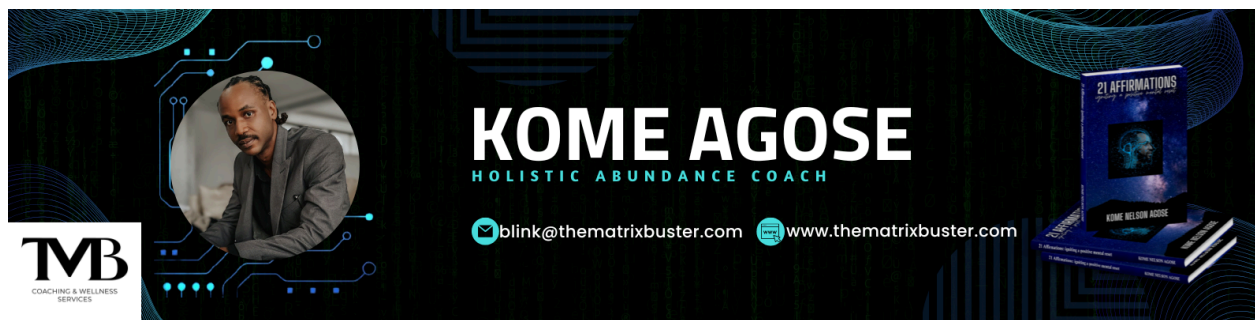

Set aside **30 to 60 minutes** of uninterrupted time, ideally in a quiet space where you can think clearly and write freely. This can be done as a single session or spread across a few days.

What You'll Need:

- A printed copy of this worksheet or a journal
- A pen or digital notes app
- A moment of stillness and honesty

Pro Tip:

You don't need to have all the answers immediately. The goal is *awareness*, not perfection. Revisit this worksheet quarterly for maximum benefit.
