High School Announcements (Grades 9-12)

Principal Note for High School: Parent/Teacher Conferences will be held on Monday, October 14, from 11:00–7:00 p.m. This is a great opportunity to visit with your child's teachers, discuss progress, and work together to support their success this semester. Contact the teacher or call Kierstin (417-369-3271) to schedule a conference. We look forward to seeing you!

Club Announcements:

Student Council meeting on Tuesday, October 14th during RTI.

Jr. High Announcements (Grades 7th & 8th)

Principal Note for Jr. High: Parent/Teacher Conferences will be held on Monday, October 14, from 11:00–7:00 p.m. This is a great opportunity to visit with your child's teachers, discuss progress, and work together to support their success this semester. Contact the teacher or call Kierstin (417-369-3271) to schedule a conference. We look forward to seeing you!

Teacher announcements for Jr. High Core Subjects:

7th grade ELA (Knight): 7th Grade will finish A Christmas Carol and begin working on their Unit 1 Summative Assessment; an informative essay on why it's important to examine information before accepting it as true.

7th grade Math (Conlee): Students will be working on operations with rational numbers including negative numbers. They will need to memorize the rules and be able to solve real world problems. Mrs. Conlee is available for tutoring after school on Thursdays until 4:45pm.

7th grade Science (Hampton): Students will continue our unit on cellular processes learning about passive and active transport, photosynthesis, and cellular respiration. I will be available for JH tutoring on Tuesdays after school. I hope to see you at Parent Teacher Conferences!!!

7th grade Social Studies (Maxwell): This week, students learned about the Assyrian, Persian, and Phoenician empires. Next week will continue with the origins and beliefs of Judaism.

8th grade ELA (Knight): 8th grade will continue with their Elements of Horror Unit.

8th grade Math (Conlee): Students will be working with Transformations (rigid motions). Mrs. Conlee is available for tutoring after school on Thursdays until 4:45pm.

8th grade Science (Hampton): Students will continue learning about ionic and covalent bonding including how to form chemical names and structures. This unit will be a great foundation for starting Physical Science. I am available on Tuesdays after school if your child is needing tutoring. I hope to see you at Parent Teacher Conferences!!!

8th grade Social Studies (Maxwell): This week, students learned about the New England, Middle colonies, along with why Pilgrims and Quakers made their way to the Americas. Next week, students will dive deeper into the Southern colonies and slave trade, along with Colonial society.

Teacher announcements for Jr. High elective courses:

Ag (Bakeberg): Continuing on with the FFA Manual and learning the differences between FFA and agriculture, students will be tasked with knowing what the FFA Creed is and be able to memorize some parts of it.
