Topics/Description:

Parenting is hard! Though there isn't a book for how to support your kids... there is a Love and Logic Playbook!

Families will begin the night receiving Responsive Classroom "Yard Stick" materials outlining common developmental traits by student ages. After normalizing the physical, language/cognitive, and social/emotional developmental milestones, second grade teacher Erin Boettcher will lead parents in exploring the nine essential skills of Love and Logic. Families will walk away with a "playbook" of Love and Logic parenting skills to start practicing to build new healthy habits for themselves and their student.

This is a parent only event. Please RSVP by Wednesday, October 9 using this link [here](#).
