Dear «PatientName»,

I am reaching out to inform you that per our discussion, you will be transitioning out of Psychiatric Services effective «PsychHx_DCDate2». Your discharge will be finalized within 60 days from this date. Your discharge is due to the following reason(s):

- «DC_ReasonPF»

As part of your discharge plan, you have been prescribed «DC_DaysofMeds» of medication. If your current medications are proving effective, your primary care provider may be able to continue prescribing them for you.

However, if you have not completed treatment or if further care is necessary, I recommend establishing care with another provider. Please reference this [Guide](#) that contains information to help you locate in-person care within your state.

Should you require it, our Rula Medical Records team will send a copy of your medical records to your new provider upon your request. Please feel free to reach out to records@rula.com for assistance in this matter.

If your symptoms worsen, or you experience a psychiatric emergency, please call 988 or visit the nearest emergency department for immediate assistance.

If you have any questions or concerns about this transition, please contact me.

Sincerely,

«Rxesignature_IE»
