

Press Kit January 2023

Highly Intense & Subscription-Free VR Fitness App

About PowerBeatsVR

[PowerBeatsVR](#) is a high-intensity VR fitness app that puts you in complete control of your workout. With a focus on intense, full-body movement and an emphasis on making fitness fun and addictive, the app provides a unique experience tailored for gamers of all ages and fitness levels, as well as fitness enthusiasts. With features like professionally designed workouts with leaderboards, a workout generator for your own music, custom playlists, and comprehensive fitness tracking, PowerBeatsVR is the perfect tool for anyone looking to take their fitness to the next level. Best of all, it's subscription free! With PowerBeatsVR, you'll be able to punch, squat, and dodge your way to improved agility, endurance, strength, and reflexes, all while watching your calories burn in no time. So why not give it a try and see for yourself?

There is also a playlist of user reviews and gameplay videos. Feel free to link to or embed them as well.

Features

- **Over 50 Professionally Designed Workouts:** All perfectly timed to the beat of two official music packs with 24 songs and a wide variety of music genres.
- **Generator for Your Own Music:** Play with any music you like and how you like it (MP3, OGG, WAV, and FLAC). Want less squatting and more dodging? Just change the settings.
- **3 Difficulty Levels:** No matter your skill or fitness level, there is a challenge for you.
- **Custom Playlists:** Create your own playlists for longer workouts. Use endurance mode to play without pausing between songs, or try endless mode to the point of exhaustion. Mix official workouts with generated workouts or your own.
- **Intuitive Workout Editor:** Get creative and create challenges from scratch or modify auto-generated workouts to suit your needs. Creating workouts has never been easier with the new Live Recording mode: Just move and box to the music and let the editor do the rest.
- **Leaderboards:** Compete against others and see how you stack up.
- **Calorie Tracking & Fitness Metrics:** Track your workout time, number of squats, and calories burned. Get real-time metrics and performance summaries to keep you going.
- **For Any Player Height:** The game adapts all workouts to your height – whether you are 3ft (1m) or 7.2ft (2.2m) tall, you will get the same effective workout as everyone else!
- **Highly Adjustable:** Got knee problems? Deactivate obstacles that are too challenging. Want to maximize your HIIT workout? Just play with the modifiers to increase speed, required distance, strength, and precision.
- **Custom Environments (Add-on):** Enjoy countless additional workout surroundings with the "Custom Environments" add-on. It comes with 8 beautiful built-in skybox environments and the option to load any 360° panoramic image – even from Google Street View.

- **Mixed Reality Mode:** Switch between fully virtual worlds and our new Mixed Reality Mode, offering a workout experience that blends the virtual with your real environment. (*supported on Meta Quest 2, Pro, and 3)

About Five Mind Creations

We are an independent game studio based in Munich, Germany. Our mission is to create fully immersive experiences for Virtual Reality (VR) by combining our passion for gaming and game development with emerging technologies and sports.

Since the release of our first VR game, we have continued to explore new ways to push the boundaries of this incredible technology. PowerBeatsVR is the result of these efforts – an adrenaline-pumping VR fitness app designed to make working out more fun and accessible. Our goal is to shape the fitness space and help people achieve their health and fitness goals without the need for expensive subscriptions.

For more information about Five Mind Creations and our other VR games, please visit www.fivemindcreations.com.
