Print pieces onto cardstock or construction paper. Cut 3-1-1/2 lengthwise (as long as your color paper is). Cut 1 in half for the arms and use the other 2 for the legs and fold accordion style. The twigs get glued to each end of the short pieces and the shoes to the ends of the long pieces. I used tape to secure them. Layer the circles as shown to create the snowman The arms and legs will be glued last. And I added tape to secure them to the pumpkin. Add wiggle eyes to the face and buttons to the body. Add glitter glue or snow glue for more fun!
