ABSTRACT

Provide a brief summary of your research including the background, objectives, methodology, key results, and conclusions. The abstract should not exceed 250 words.

Keywords: List 3–5 relevant keywords separated by commas.

1. INTRODUCTION

Present the background of your study, the research problem, objectives, and significance. Include references to previous relevant work.

2. LITERATURE REVIEW

Summarize key existing research relevant to your study and identify gaps your work addresses.

3. METHODS

Describe how the study was conducted, including the research design, data collection, and analysis techniques.

4. RESULTS AND DISCUSSION

Present your main findings, using tables and figures if needed. At the same time, you may interpret the results, compare with previous findings, and explain their implications.

5. CONCLUSION

Summarize the major findings and contributions of your study. Suggest future research directions if applicable.

Note:

Article length should be between 2,000 and 9,000 words. However, for those interested in publishing with JISTaP, please note that their required article length is 4,500 to 9,000 words. We highly recommend that authors follow the JISTaP Author Guidelines, which can be accessed on their official website for complete details. Please be aware that the final decision regarding acceptance for publication in JISTaP lies entirely with their editorial team, not with the conference committee.
