

FRIDAY NIGHT FUNKIN's:

Lightbringer mix

To explain what this new mix idea for FNF here is all about for those not in the know on what the term "Lightbringer" means exactly here. It's meant to be a showcase for my main OC character named **Jack The Rabbit** who comes from my self-made world called, well, the Lightbringer verse! And joining him in the role of being the Girlfriend to Jack's Boyfriend is **Violet The Bear** herself! Who also comes from the same world as him. (Though, she isn't his girlfriend exactly, the two are pretty close nonetheless)

If you're all curious enough to want to learn more about my characters and the world they all live in too. Then here's the link to a year old google doc I made that helps explain the many OCs I made for the Lightbringer verse and some aspects of the verse itself as well!

Here it is for folks curious enough on this topic: [[Lightbringer verse](#)]

Now that we got all of that out of the way there. It's time that we get into the nitty gritty of the new song mix's in the FNF weeks that Jack and Violet get into here!

(Side note - Jack uses a microphone similar to Boyfriend's one, except that his is coloured in a tone of mid yellow and gold with a touch of light gray with tiny yellow spirals on the lower piece of it.

For Violet's case. She holds a small speaker on her right hand that has some halfway attempt on putting some graffiti on it, alongside some little stickers added onto it, and also having her favourite skateboard on foot nearby as well.

Also, depending on how well you do in a song itself. She (And to a lesser extent, Jack as well) will slowly start to bop her head more to the beat and even break out a fun short little dance routine if you 100% a song near the end of it too!)

WEEK 1 MIX

(Background note - Tutorial's Lighterbringer mix area takes place in Violet's own house, while the rest of the main week's background takes place on the bright sunny rooftop of Daddy's Dearest main studio itself! Where he's set up a main stage, a bunch of chairs for the audience, some spotlights that are put on a big crossbeam on the stage itself and everything in between.)

Premise: Daddy Dearest has decided to open up a new singing competition on the rooftop of his own music studio where the main goal for both old and upcoming singers alike, is try and beat him in a rap battle and they may even win a million dollars out of it if they are lucky enough! (Lies)

Both Jack and Violet hear about this new singing competition opening up while spending some time in the city of Philadelphia for funsies sake, and both of them are interested enough to decide to join in to see how it turns out for them in it. (That, and it's

a good excuse to see who can beat DD in a song first between the two of them)

SONG LIST:

0. Another Tutorial (Tutorial Lightbringer Mix)

1. Bebop (Bopeebo Lightbringer Mix)

2. Freshed (Fresh Lightbringer Mix)

3. Dad Battlefield (DadBattle Lightbringer mix)

WEEK 2 MIX

(Background note - Week 2's area takes place in the outside woods of the Dearest's own mansion. Has a spooky form of fog covering the whole place and a brightly orange lit moon overseeing the whole thing)

Premise: It's Halloween night! And both Jack and Violet have decided to spend it walking around and trying to find spooky buildings and places to explore in and such. (And maybe pull a prank or two on some poor sucker if they're really in the mood for it) After exploring the Dearest's house while the family was away for a bit. They later went outside to the woods and saw two kids in halloween costumes pulling up to them, and demanding to have a "Spooky rap battle" with them of some sort.

Having nothing better to do and not wanting to disappoint the young duo. Jack agreed to have a little song with them for a little bit, but there are always dark forces wandering around at this time of the year, and it seems that our grey rabbit friend here is about to deal with something a little more troubling than two kids wanting some candy from him and his best pal...

SONG LIST:

1. Spooked (Spookeez Lightbringer Mix)
2. West (South Lightbringer Mix)
3. Monstered (Monster Lightbringer Mix)

WEEK 3 MIX

(Background note - Instead of being on a rooftop this time around. We put into the train subway itself below, where it all looks trashed and broken up of a sort in it. Both Darnell and Nene are in the background too and are hanging up top on both of the red train station pillars and all. Waiting for the perfect chance to take both Jack and Violet in it.)

Premise: After getting beaten so badly by Jack himself a week back ago. Daddy Dearest has craved vengeance against the duo who humiliated him like that, so he decided to call up the likes of

Pico and two co-workers/friends again to now go after and kill this rabbit and his best friend off for good.

So Pico and the other two head off to try and find them and they do so pretty quickly near the train station where the two were just about to go in. Too bad that our ginger gunman and his pals picked on the wrong rabbit in this kind of case here.

SONG LIST:

1. Go Pico (Pico Lightbringer Mix)
2. Philly Noise (Philly Nice Lightbringer Mix)
3. Blam (Blammed Lightbringer Mix)

WEEK 4 MIX

(Background note - This still has MM and her singing opponents on a moving object, though this time around, they are all on top of a big plane (That she owns of course) around early morning time. So the sun starts to slowly come out throughout the three songs in this week. And yes, the Henchmen are in it too)

Premise: Dealing with these past events in a month alone has tried out the rabbit and bear duo (More so the latter then the former) enough for Violet to suggest to Jack that they could go to the

beach for the day and he agreed, so they pop right off to the area. But then suddenly! Mommy Mearest herself showed up and kidnapped Violet on her big plane and flew off into the sky. Jack quickly leapt into action and jumped high enough onto Mearest's plane and demanded to know what she was doing here and why she kidnapped his friend as well.

MM explained that she's here due to her husband telling her what went down a month ago when he lost to said rabbit. slight against the Dearest name she wouldn't stand for! So, she gives out the offer for a three song rap battle between the two of them. If he wins, then Violet gets to go free. If he loses however. Then they both die by her hands. Not having much of a choice. Jack agrees and the two set it off.

SONG LIST:

1. Devil's Hole (Satin Panties Lightbringer Mix)
2. Higher (High Lightbringer Mix)
3. M.I.L.F (Lightbringer Mix)

WEEK 5 MIX

(Background note - Takes place in the same Christmas Mall as before,
except it's filled with new cameos that are mostly pulled from the Lightbringer verse and some other stuff I created this time around. The final song has the gore filled background replaced with a more... **Corrupted** style like take on it if you will...)

Premise: 'Twas the night before Christmas and not a creature was stirring in the cold night wind..... Well, unless you happen to be in the Big Christmas Mall, then you would be experiencing the clear opposite of that, once you see many folks and people moving about in a crazed frenzy. Something both Jack and Violet could attest to as they were currently in the Mall itself, trying to find things to buy for (Well, mainly Violet really. Jack got forced into going with her on this trip somewhat) and avoid getting stomped over by racing crowds of shoppers all bound in the place.

After a while. Both Jack and Violet were ready to call it quits for the night until they saw something that grabbed their attention. Both Daddy Dearest and Mommy Mearest in the center of the Mall and making a scene from the looks of it. Holding a guy in a Santa costume hostage with a gun and all that. The rabbit and bear duo quickly jump into action and tell the Dearest's to knock it off with that. DD and MM would agree to do so, but ONLY if they join in on singing three Christmas songs in a duet style with them mainly. Jack and Violet agree and the four start it right off the bat!

SONG LIST:

1. Hot Cocoa (Coca Lightbringer Mix)
 2. Eggnog (Lightbringer Mix)
 3. A Tainted Wonderland! (Winter Wonderland Lightbringer Mix)
-

WEEK 6 MIX

(Background note - Instead of being outside of the school in this version of the week. It takes place inside said school within the cafeteria filled with school students going about their day or eating their lunch mainly. Thorn's Lightbringer mix still matches up with the OG style of background with the added bonus of having some random ghost-like students popping up in different areas of the background and even jumpscare you at very rare chance as well)

Premise: After checking in the trash of a bin in order to find where Violet's watch is, after dropping it in by mistake. Jack found an old messy disk of a PS1 game called "Hating Simulator" instead. Curious on wanting to learn more about this game he has now on hand now. He goes to show it to Violet, and after a while of talking on what it could be exactly.

The duo decide to start playing it on Violet's old PS1 console she had brought along on this trip here. The two play it for a few hours and are enjoying it, though not exactly blown away by it either.

Until the TV and console connected to it, start shaking very violently all of a sudden. Before the two have time to react to what's happening before them. They get quickly sucked into the game itself by unknown means! Who knows what could be in store for them in this...?

SONG LIST:

1. Senpia (Lightbringer Mix)
2. Rosa (Rose Lightbringer mix)
3. Thorns (Lightbringer Mix)

Dialogue section (Only going to be used for this week for reasons I'm sure you can guess from)

Pre Senpia dialogue:

Jack: "Ughhh.... What happened there...?"

Jack: "..... Right, one minute I was playing some old PS1 game with you for a min or something. And now it seems.... I'M IN THE GAME ITSELF!? Wut??

Violet: "OW! Jack! Did you have to say that out loudly... there?" (Why the fuck are in the game we were just playing a moment ago??)

Jack: "Heh, sorry about that Violet. Just not every day when you get sent into a video game and all hm." (Seems we attracting a bit of a crowd here too from the looks of it)

Violet: "Yah, I know man. But I'm wondering how the hell we got into this thing in the first plac-"

Senpai: "Yes, yes! I know, right? Silly of that girl to reject me outright like that in front of everyone! But I guess that goes to show that most people here, are really missing out on me and all....?"

Senpai: "... Um? What the hell am I looking at exactly here!?"

Violet: "Oh shit Jack! It's the same guy we were playing as in that game from earlier! That's so cool to see-"

Senpai: "Eww! Can someone here please take away these freaky animals from my sight, I can tell that I'm already going blind by just looking at them!"

Violet: "..... Never mind, I think I hate his guts now."

Jack: "Welllll, I did try and warn you that going down the bad route of HS was going to wear thin after a while and all-"

Senpai: "HELLO!? Did I not just say to you two weirdos to get outta of my sight here? Are you both deaf as wel-

Jack: "Ok, FIRST OFF! Stop interrupting us every time we open out mouths here Mr Blushing man."

Jack: "And SECOND! If you really want us to go away here. Then how about we settle this in the form of a three song "Rap Battle" of sorts, if ya interested?"

Senpai: "Hmm, while I would normally refuse such an offer from the likes of you lot. I can't deny that the prospect of utterly humiliate you in front of my Roses in a song duet, is far too tempting to ignore."

Senpai: "Fine, I shall accept your "Kind" offer there bunny man."

Jack: "Rabbit."

Senpai: "Whatever."

Violet: "Go and kick his sorry excuse of an ass Jack! I'm rooting for ya bud!"

Pre Rosa dialogue:

Senpai: "WHAT!!?? How the FUCK did I lose to that freak of nature!?"

Jack: "I honestly don't know dude. Maybe this "Freak of nature" might just have better vocals than you?"

Senpai: "No, no, NO!! I fucking refused to accept that! You just got dumb lucky on this! That's all there is to that."

Violet: "~ Awww. Is the little baby here having a little rage-quit moment or something there? ~"

Violet: "Like, damn! This is just the first song and you're already losing this badly? Even your "Roses" are more impressed with my pal's singing in it, then you sad display-"

Senpai: "SHUT THE HELL UP YOU LITTLE SHIT!!!" I will make sure to rip out you Boyfriend's tiny non existent ball sack and force feed them down you throa-"

Violet: "Pfff- hahah! Does bro even know?" >:3

Jack: "I don't think so Violet heheh.."

Senpai: "What's so damn funny ther-"

Jack: "Eh, you wouldn't get it but anyways."

Jack: "If you're done with your poor attempt at being an edgelord there and all now. Can we finally get back to singing this second song here? Or are you just going keep on whining like that?"

Senpai: "..... I REALLY, hate, you, two, SO MUCH!"

Jack: "Whatever man."

Pre Thorns dialogue:

Jack: "Whoa!? Who the-?"

Violet: "Holy shit!

Spirit: "Finally.... After being trapped in this purgatory of a game for so long.... Now, I have direct contact with real, living creatures at last...

Jack: "... Ok, I need some more context on what's going on here pink dude, cos me and my bud here are totally lost on where this plot is going off to now."

Violet: "Same! And here I thought we already left the spooky season behind us at this point."

Spirit: ".... This needs no concern for you two here. I only desire you own bodies to take form in, so that I can have my long waited revenge on **"HIM"** once and for all!"

Spirit: "Though, maybe I don't need your body per say orange bear. The rabbit's one here, has a power in him that could even dwarf Dearest himself! Yes... I shall take your appearance as my own and after leaving this game, I shall make him pay for what he's done to me and the others as well!"

Jack: "Whoa there! Hold your horses for a min pinkie. While I can understand what you been going though in this and wanting to make Dearest pay for trapping you in this game and such."

Jack: "No way am I allowing you to body nap me and leaving Violet to rot in here instead!" Sounds like a very poor deal here if you ask me."

Violet: "Yah! No way am I going to stay put in this and have to deal with that blond dumbass for all eternity either! No thank you."

Spirit: "Hm... Fair, though sadly you two don't have much of a choice in this matter at the end of the day." I WILL have your vessel after beating you into submission by the end of this.."

Jack: "HA! I faced a whole lot more worse things out there then you dude! Let's see if you can back up what you're spitting out here then, eh?"

WEEK 7 MIX

(Background note - This Lightbringer version of Week 7 now takes place near the ground level of the war torn buildings themselves. Where the remaining form of a street, covered in sand, rubble, and one or two leftover tanks nearby in it as well. Starts out with a bright sunny day on the first song, though by the end of the third one. It's all covered in a damp rainy scene with dark clouds hanging over it all.)

Premise: Jack and Violet decide to go exploring an old worn down city state over by the mountains. After a bit of walking and climbing for an hour or so. The two make it into the ruins of said city and seem to be enjoying themselves in it! Well.... Until the military lead by Captain John/Tankman himself, out of nowhere pops up to ruin their day and threatens to kill the two of them if they don't leave right now. Though John changes his mind after realising that this has been the most exciting thing to happen with him and his group for half this year by now So, he instead tells the duo that if they agree to have a three song rap battle with him. He'll just let them go afterwards and not shoot them to death maybe!

Jack responds with an eye roll by this point. But still agrees to join in singing with Tankman anyways, since it saves him and Violet the hassle they would have to deal with otherwise.

SONG LIST:

1. Ugh (Lightbringer Mix)
2. Shotguns (Guns Lightbringer Mix)
3. Stress Out (Stress Lightbringer Mix)

WEEKEND 1 MIX

(Background note - Takes place in the same general area with the only differences being that it takes place in the middle of the night now with a chiller wind thrown into the mix and the tall buildings in the background having all of their lights turned on now.)

Premise: After having to deal with all of the crazy stuff both Jack and Violet have been up to over the past few weeks, half of it down to the Dearest's own meddling, ever since DD lost to Jack all those months ago. The duo finally decide to take a look around parts of Philadelphia to see if they could gather enough evidence to prove to everyone beyond a shadow of the doubt that the Dearest's have done some pretty horrible acts behind the curtains and covering up all of the traces of them afterwards. So that they can finally be rid of them once and for all.

However, both DD and MM have taken wind of what the two are trying to pull off, and they have no intention of having all of their dirty laundry getting leaked to the public anytime soon. So they rehired Pico and his gang to deal with these two at long, LONG last. Then Pico somehow swallowed one of his guns suddenly. So the task is now set for Darnell and Nene to try and kill off the two in this. Though, that doesn't mean Jack and Violet are going to make it too easy for them today....

SONG LIST:

1. Darnell (Lightbringer Mix)

2. Light Them Up! (Lit Up Lightbringer Mix)

3. 4hot (2hot Lightbringer Mix)

4. Beat them up (Blazin Lightbringer Mix)
