Student Essay Writing Prompt

Think of a teacher who had a significant impact on your life, either positively or negatively. How did this experience change your perspective on learning, education, or your own potential? What lessons did you learn from it that you believe will be valuable in your future as a student and as an educator?

Once the essay is complete it should be added to the students portfolio.

The high school pathway rep will send notification that the essay is complete and has been approved. After approval, proceed with dual credit registration.
