

Problem:	Solutions:
Switching from semester to quarter system - Mostly upper div classes - A lot more tests, a lot more often	Don't let yourself get behind - If you do, find an entire day to get everything done Study with peers and create study groups - Finding your way to create a cohort experience: it takes time Use your resources - Writing center
Registration - When to take classes?/Which classes to take? - Language Requirement	As long as you keep taking classes, your reg time will move up. Polyplanner lets faculty know what classes they need to make new sections for classes Start on 330 → so you can take 331 Start on 311 (2 sections in the winter) → so you can 312 (3 sections in the spring) - These classes are pre-reqs to other upper divisions and are needed for senior project Take 460 (need 330,332,311,312) → before you take 461 Take your language classes soon! (any language, 101,102,103; must have a completion of a whole year) - Spanish language debate program, reach out to Dr. Skiles Talk with language advisors to workout placement and which level to take - You can take a placement test multiple time, \$10 per test - There are language tutoring services at Cal Poly
Other resources	Underrepresented Student Networks - Offers peer mentoring BEACoN - Match with faculty on campus - Research mentorship with faculty - Dr. L-B and Dr. Anu have research projects! - Receive stipend by the end of the 2 quarters
