Thursday

Penang has long served as the link between Asia's great kingdoms and an important outlet to the markets of Europe and the Middle East. At its heart is diverse, cosmopolitan George Town, Penang Island's main city and an urban centre that delivers old world Asia in spades; think trishaws pedalling past watermarked Chinese shophouses and blue joss smoke perfuming the air. The freshest aspects of modern culture are present, too, in an exceptional art scene and free-spirited carnivals, all fed by an infectious local enthusiasm for Penang's long history and kaleidoscope of cultures.

The places you will visit during your visit to Penang are as below,

- Chew Jetty
- Street Arts
- Anglican Church
- 2 Chinese Temple
- Kapitan Keling Mosque
- India street (Little India)
- Harmony Street (Historical Trail)

After breakfast, you will set off to Kuala Sepetang, which is a coastal town located in Perak. It is a thriving fishing village, and the main jumping-off point to the river mouth community of Kuala Sangga, which is a Chinese fishing community at the river mouth. The Port Weld railway station was located at the centre of town. The whole railway line from here to Taiping, which was the first railway line in the Peninsular, is now dismantled, and now only the ticketing booth and the Port Weld railway signboard remain. After visiting these sites, you will return to your accommodation for a well deserved rest.
