Action Figure Project

You are working for a toy manufacturer to create a new line of action figures inspired by characters from books. All good action figure lines have a common theme. You are going to create your action figure line around the theme. Your action figure and packaging must show how your character's background, actions and traits demonstrate the theme.

- ☐ Complete the action figure planning sheet.
- ☐ Create a 3D version of your action figure, including packaging. Include the information from your planning sheet on your packaging.

	4	3	2	1
Theme	3 plus... Use of text evidence and analysis of the theme is present throughout the project and particularly insightful	Title expresses a theme of the book Quotes provide text evidence related to the theme "Super powers" explains how the character relates to the theme with evidence	Missing one or more elements of a "3" response	Does not identify a theme of the book
Character	3 plus... Biography includes evidence from the text	Biography, picture and accessories show who the character is and what experiences, skills and personality traits connect to the theme. Explains how they change through the story.	Project shows who the character is based on surface level traits (ex: job, age, gender) but does not dig deeper into their personality	Project does not give insight into the character's biography or traits
Setting	3 plus... exceptional detail	Portrays an important setting that connects to the theme	Portrays a setting that is not important to the theme	Does not portray a setting
Visuals/ Neatness	I feel like I'm at the best toy store ever! Box is bright, colorful, neat and action figure is 3D. I want to buy this action figure!	Action Figure box is neat and in full color. The action figure is detailed. I feel like I'm at the toy store!	Box is not in full color/ not very neat	Work is illegible
