

Biology Syllabus

Teacher: **Ms. Allin**

Semester: **Fall**

Classroom: **202**

Google Voice Phone Number: **(714) 805-7445**

Email: **victoria.allin@saUSDlearns.net**

Website: <https://sites.google.com/view/vhsallinbio/home>

Conference Periods: **5th & 6th Period**

Course Description:

Biology emphasizes five major topics: cells, ecology, genetics, evolution, and human physiology as covered in the Next Generation Science Standards. Experimental procedures, cells, and ecology are covered in the first semester. Genetics, evolution, and human physiology are taught in the second semester. Diverse learning activities are used in the classroom in order to develop a variety of skills.

Valley High School Expectations:

Students will be...

- Effective Communicators
- Critical Thinkers
- Self Directed Learners
- Responsible Community Members

Classroom Expectations:

Students will...

- Communicate with classmates & Ms. Allin
- Be respectful of others
- Follow directions
- Be responsible
- Try their best

Course Materials:

Students will be provided a pencil, notebook, and folder. Students should also make sure to bring their chromebook and chromebook charger each and every day.

Grading:

The various categories of assignments and assessments will be given a percentage to make up the total percentage of the class.

Participation: **10%**

Classwork: **40%**

Assessments: **50%**

If students or families are not pleased with the grade provided, they may do two things. Students can either check Aeries to decide what assignments can be turned in for credit & work on them or they may check with Ms. Allin to see what else can be done.
