- LAUSD A-G Requirements
 - To ensure all LAUSD graduates have the option to enroll directly into a university and be prepared for a career, the District has implemented a College and Career Readiness through A-G initiative. LAUSD has aligned its graduation requirements with the California State University (CSU) A-G requirements, beginning with the graduating class of 2016. Students must earn a grade of "D" or better in "A-G" courses, and meet California Department of Education Requirements as well as satisfying additional LAUSD requirements for graduation. We are making the high school diploma a document that gives students the choice to transition straight into a college or into a career.

Common Application (App) -

- Private Universities
- The Common Application is an undergraduate college admission application that applicants may use to apply to any of more than 800 member colleges and universities in 49 states and the District of Columbia, as well as in Canada, China, Japan, and many European countries
- <https://www.commonapp.org>

UC Application (App) -

- This is the application to apply to the 8 UC schools (UCLA, UC Berkeley, etc.)
- You write four essays and submit the same four essays to all of the UC schools you apply to.
- <https://apply.universityofcalifornia.edu/my-application/login>

CSU Application (App) -

- This is the application to apply to the cal state schools (all 23 of them). These schools are across the state and include CSUN.
- <https://calstate.liaisoncas.com/applicant-ux/#/login>

Questbridge Application (App) -

- This program offers full ride scholarships to dedicated students whose family makes 65k or less as a family of four (number may be higher if family count is higher). 65k is not a strict cut off. If you make more but think you have faced economic hardship, you may apply. You can apply to certain private schools through Questbridge instead of the common app if you think you apply.

Community Colleges

- Los Angeles College Promise

- 2 years of FREE community college. The Los Angeles promise program, known otherwise as “L.A. College Promise” is for Los Angeles Community College District (LACCD) schools.
- [Informative webinar](#) (41:45, dated 210320)
- There are requirements of new students before starting their first class/year.
 - You MUST ATTEND SUMMER BRIDGE or PIERCE SUCCESS as ONE of your steps for 2 FREE YEARS OF COLLEGE!
 - Please register for ONE OF THE PROGRAMS not both! Simply click on this LINK to access the registration for the sessions! First come first serve so do it NOW!!!!
 - Summer Bridge- is ideal for students who earned a C/D grade in math or English.
 - PIERCE SUCCESS- for students who have a strong GPA and will be enrolling in English 101 or college level math starting in Fall 2022.
- ***IMPORTANT*** you only want to apply to **one** LACCD school full time! For example, do not apply to both Valley College and Pierce College for the same school year! This will cause a huge headache for you...

- Application walk through videos each of the colleges have created. If they did not have one then it will take you to their admission page which has lots of information.

- College Class for High School students

- Here is a how-to video I made on how to sign up for college classes as a High School student! Let me know if you have any questions!
 - Here are the basic steps:
 1. Identify a class or a couple options you have for ideas by checking the community college schedules. You can see Word documents of the schedules, or do the online searchable schedule to see what classes are still open.
 2. Apply to the college online "Apply now" - You'll say you're still a high school student in the application
 3. Submit the electronic K-12 form - There's a part for yourself, your parents, and it should be sent to me electronically after that's completed.
 4. Add your class online by logging in to your portal on the college and "Add class"
 5. Remember if you need to drop the class you must do so very quickly in the term (the date to drop without a W is the deadline, and that date is published for each term). This is usually in the first

week of the class, so make sure to either stick with the class or drop by this deadline!

ROTC

- Find your congressman/woman:
<http://www.house.gov/representatives/find-your-representative>
-
- At In-Service and at NWLA, I let you and your cadets know that I can help them with their scholarship applications if needed. I have received a handful of emails from both
- I recommend you get very familiar with the processes I spoke about at In-Service. Explore and recommend all service ROTC scholarships to include the Army (private schools give free room and board), the Maritime Academies, and **VERY IMPORTANT NPP!!** The NROTC scholarship process is self-explanatory, but they need your help to finish and submit it. The NPP is a little more difficult, so **THEY WILL NEED YOUR HELP** with this.

 - [Marine Corps Option](#)
 - Rolling Selection:
 - The Navy ROTC selection boards meet monthly, and if you're not selected at one board, your application "rolls" to the next board for consideration.
 - Selection Period:
 - The selection process typically runs from August through April.
 - Notification:
 - You'll be notified of the selection decision, whether you're accepted, not selected, or placed on an alternate list, usually within a month of the board date.
 - Alternate List:
 - If you are placed on the alternate list, you still have a chance of being selected, especially if openings arise.

- In the case where a prospective applicant does not score high enough on their SAT, the applicant can take the ASVAB in hopes of scoring high enough to offset the score and remain competitive.

Naval Academy

[NAPS - Naval Academy Preparatory School](#)

- NAPS mission is to enhance midshipman candidates' moral, mental, and physical foundations to prepare them for success at the U.S. Naval Academy.
- The Naval Academy Preparatory School (NAPS) is located on Naval Station Newport in historic Newport, Rhode Island. The Naval Academy Preparatory School is the Navy's fourth oldest school; only the Naval Academy, Naval War College, and Naval Post Graduate School are older.
- The mission of the Naval Academy Preparatory School is to enhance midshipman candidates' moral, mental, and physical foundations to prepare them

for success at the U.S. Naval Academy.

- The ten-month course of instruction at NAPS, lasting from August through May, emphasizes preparation in English Composition, Mathematics, Chemistry, Physics, and Information Technology.
- Demanding military, physical, and character development programs complement the academic preparation to fully prepare students for the challenges of life at a service academy. As part of the physical development programs, NAPS offers a varsity athletic program that competes against other preparatory schools, junior colleges, and college junior varsity teams.

 - The Reseda Staff Association is looking to award a scholarship to a senior who represents the spirit of Maria Freeman, our former School Administrative Assistant, who passed last year. Maria's spirit was one of compassion, dignity, servitude, kindness and grace. The senior who is awarded this scholarship should represent the RCHS spirit in academics, extracurricular activities and community service. Those interested in applying for the scholarship should have the following qualifications:
 - GPA 3.0 and above
 - Extracurricular Activities (all 4 years)
 - Community Service Hours: 80 hours/20 year
 - To apply for this scholarship, please write the scholarship committee a letter describing why you reflect the parameters deserving consideration by May 20th. Applications will be reviewed by a committee of RCHS staff members and awarded at senior awards on June 6, 2022.
