It works

Crimson Viper: >Discord

Mother Penguin: >Discord

Rose: Look, I didn't mean all that sh-
>Discord

Adelheid: Oh yes, the dreaded Discord. Crimson Viper, I think you know what needs to be done here

Discord: owo wats wong with me? >w<

Crimson Viper: There's no doubt about it. All the logs for this depraved Deep State Mania are in there.

Leave it to me everyone, this CIA Agent knows a thing or two about "data retrieval"

Discord: -stares at Crimson Viper- I'm sowwy but that data is not for you >:3

Crimson Viper: Now, now. Don't you know there's nothing that the CIA can't get?

...You have no idea of all the dick pics I had to surf through before coming here

Discord: OwO dick pics? I know a gweat community for you, just let me install this....

Crimson Viper: I don't think so. I'm extracting those secret documents behind this decrepit place

Discord: onwy if you can beat me >:3 RAWR

Crimson Viper: There is no "if" when the Viper is involved!

- During Match:

- Crimson Viper Win:

Crimson Viper: Wonderful, Vanessa, crack open some beers while I crack the server wide open

Vanessa: Way ahead of you!

Discord: [Rapid high pitched Discord beeps]

Crimson Viper: There we go! Now, time to see what's been going on in this tournament

Vanessa: There better not be any pics of "you-know-what-in-there"

Crimson Viper: !!!

Adelheid: Well?

Crimson Viper: ...Does anyone know of a "Ramon"? Apparently he's been stalking Vanessa-

Vanessa: Oh god, not him. What was he even doing with that thing in the first place

Crimson Viper: There's a lot of data in here!

Vanessa: So what you're saying is

Crimson Viper: Win or lose the next battle, important secrets should all be parsed and decrypted by then

Discord: [Please d-don't nominate any more shitnoms]

Discord: All those shit noms..all those dick pics...the horror

Crimson Viper: These cabal names, they're so unfamiliar to me..

Crimson Viper: (Who the hell is "Robi" and "HangingFlesh"?)

- Discord Win:

Discord: owo time to add you to the HRT distribution server! >w<

Abby: Oh hai

Crimson Viper: (vibrating text box) NOOOOOOOOOOOOOOOOOOOOOOOOO

Adelheid: Go Kuro-chan!

Kuro-chan: [rawr]

Discord: OwO what's di-

:Kuro-chan: [Angrily tears Discord away creating distance away from his friends]

Crimson Viper: How could it all come to this?

Vanessa: Let's regroup with the others. The data we've exchanged today should suffice for now to get to the bottom of this

Rose: This wouldn't have happened if my big brother were fighting this monstrosity, instead!

Adelheid:....

Crimson Viper: Can we just leave this brat with Discord? Who IS her mother, anyway?
