- Basic White CS: scraps to die cut
- Painterly Pears DSP: 3" x 4"; 1/2" x 5 1/4" and die cut pear and stem with leaves

Instructions:

1. Fold base with shorter side to the front – card base is vertical. Adhere the strip of DSP to the section on the right of the card base centered.
2. Adhere the DSP rectangle to the piece of Old Olive – then add to the card front centering top and bottom and all the way over to the right edge of the card front.
3. Die cut the largest rounded corner rectangle out of the Basic Beige rectangle and adhere as shown – over-lapping the card front and the section to the right – be sure to only put adhesive on the part attached to the card front.
4. Die cut the pear and the stem with leaves from the DSP. Use a dab of Multipurpose Liquid Glue on the top front of the pear and add the stem. Pop the pear with the stem and leaves using Stampin' Dimensionals.
5. Die cut three of the small flowers and the larger of the sentiment layers from Basic White CS – Stamp the Hello sentiment using Tuxedo Black Memento Ink and adhere tucking under the Pear stem. Add the three flowers as shown and then add a small Rhinestone Basic Jewels to the center of each flower.
6. Complete the inside and the envelope as desired.
