

What should I bring?

Bring items that are at least 80% natural fiber to either tie dye or indigo dye! The dye works best with natural fibers such as cotton, linen, and wool. We recommend 100% white cotton items to yield the best results but you are welcome to get creative. Some ideas: t-shirt, pillowcase, socks, apron, bandana, washcloth, tote bag, etc. We will have all other supplies: gloves, rubber bands, dyes, etc. If you have discovered a special technique that requires special containers/materials -- feel free to bring them along!

What should I wear?

Should the dye get on your clothing, this fiber-reactive dye will stain any natural fibers you are wearing, so plan your outfit accordingly. We recommend dark colors that are NOT natural fibers (think athletic wear). We will be outside so be prepared for the weather (there will be tents in case of rain/to create more shade).

Will there be food and drinks?

Yes! We will be serving Dinner each day from 6pm-7pm (ish) and Lunch Saturday and Sunday from 12pm-1pm (ish). There will be a pause in the dyeing for these meals so that everyone can eat! We will have refreshments served throughout the day for all (omnivores/vegetarians/vegans).

Do I get to keep what I dye?

Yes! You will be taking your item home, in a baggie, with instructions on how to complete your project.

Can I bring additional guests?

Yes! You are most welcome to bring a friend, spouse, significant other, etc. Please let us know how many so we can have supplies on hand. Thanks!
