Vote at sc.org/VoterPortal between Oct 1st and Nov 13th.

Eugene Paulin

Gene has been a member for more than 20 years serving on the Verdugo Hills Management Committee. Years ago, I was a hike leader and more recently I help with tabling, river cleanup and the Mystery Dinner fundraisers. I am a semi-retired clinical psychologist and I live in Burbank with my wife Terry.

David Eisenberg

I am a life member of the Sierra Club. I am active in the Verdugo Hills Group as an event, conservationist, and management leader. I edit our newsletter, our website, and our email system. Currently I am Chair of our management committee and assistant Ex-Com representative.

Bruce Hale

I have been an active member of the Verdugo Hills Group for over 30 years. During that time, I have served as Chair (1982-1987), Treasurer (1980-1982), and I am currently Outings Chair. I also lead international trips as a fundraiser for both Angeles Chapter and Verdugo Hills.

Kim Allender

I have been a member of the Sierra Club since 1990 and active in the Verdugo Hills Group since 2022. I'm currently Chair of the Angeles Chapter Political Committee, Verdugo Hills Group. I am also active on the Angeles Chapter Transportation Committee. I am a retired teacher and served for six years as the Co-President of the Burbank Teachers Association. I am a Docent at the Autry Museum of the American West. I consider conservation and preservation of the environment essential in combatting global warming. I strongly support and advocate for Sierra Club positions on electrified public transportation, high speed rail, sustainable communities and elimination of greenhouse gas emissions.

Judy Anderson

I was a charter member of the Verdugo Hills Group, and I have been active in the Sierra Club for many years. One of my successful projects was passing the Desert Bill for the Angeles Chapter. I work with the treasurer on taxes and other financial matters.

Evelyn Alexander

I have been a member of the Sierra Club for the past 23 years. I joined because I liked the activities and positions on the environment. I felt that as a citizen it is up to me to help. In the Verdugo Hills Group, I found a community of like-minded people whose company and support I enjoy. I am at present the program chair and I lead activities.
