

In character:

So, most importantly, what's your name? Everyone has one, and I know that you do as well. First and last, if you please. I wanna be able to identify you if anythin' goes wrong, you know?

As you heard from Shane, you need a nickname. So, if you have one, what is it, and how'd you get it? If you just made one up now, how'd you choose it?

How old are you and when's your birthday? An' don't bother lying, because I'll find out otherwise. No one's gonna make a big deal outta it, I just need to know when you need to be kicked out. But in all honesty, the boys may throw a party or somethin'.

Now, describe yourself for me. I don't care that I can look at you, I need it in writing, you see. And be correct, I need it for identification, as well.

Do you have any other jobs besides being a newsboy? I need to know what'll get in the way of you doing things and whatnot. Oh, and don't worry if it's illegal, no one here'll care.

What's your personality like? What are you like with others? With yourself? I need to know if you'll get along with everyone, who we should keep away from whom, so no fights break out, things like that.

What do you do with your spare time? This one may not seem important, but it shows what kind of person you are.

Do you do any of the following: smoking, drinking, or gamblin'? Nothin' wrong if you do, just don't do it in the house. Or, at least, when outsiders are around.

What about any friends or family? Or, if you're a troublemaker, enemies? Who do you know around here?

What about a girl? Got one of those? No girls in the house, period.

And now for the big one: what's your past like? Where did you grow up, what happened in your life, and how did you get here?
