Directions: Decide which player will go first. Roll the die, and have the first player move forward the number of spaces on the die. Then the next player will go. Follow the direction of the arrows (→). After all the players have gone, the first player goes again. If you are on a space with a blank (____) before the verb, make sure you draw a modal verb card before rolling. Then, roll the die to see how many spaces you must move forwards. Blanks (____) before the verb are modal verb cards, blanks (____) before "spaces forwards" are decided by rolling the die. The first player to get to the Finish is the winner.
